

End of Communism & New Age Occultism: Triumph of Immaculate Heart Part III

[\(New Era World News\)](#)

[A Reading of Part II is Highly Recommended Before Proceeding to Part III](#)

PART TWO OF THIS THREE PART INTELLIGENCE REPORT concluded with the words: "If Russia is to be the cause of a future chastisement, what in Heaven's name do we call that which the world just passed through? Russia is no longer implementing, supporting or disseminating all the errors and horrors of Communism. Instead, the Kremlin is [supporting life, fighting abortion, building churches, putting Christian prayer in public schools, requiring teachers to take theology and ethics courses, fighting liberalism, and protecting Christians around the globe.](#) As Our Lady promised: Communism has been defeated in Russia – the 20th Century Chastisement spearheaded by Russia has ended. Russia is becoming a Christian Nation.

The errors of Communism might be subsiding, but the world was so inundated with the filth of Communism (intertwined with Liberalism and New Age Occultism) that, despite its defeat, the planet is still enthralled in darkness. Our Lady asked for the Consecration of Russia in 1925, but it was not carried out until 1984. Thus, even though there is overwhelming evidence that Russia is being converted, liberalism and New Age Occultism are infesting the air. As the Virgin Mary lamented to Sister Lucia:

*"They (the popes) did not wish to heed my request!... They will repent and do it, but **it will be late.**"*

“Russia will have already spread her errors throughout the world, provoking wars, and persecutions of the Church: the Holy Father will have much to suffer.”

Since the response to Our Lady's requests were continually prolonged, the world is now drowning in a Sea of Sin, sin that is less the result of liberalism than of New Ageism, an offshoot of Communism. However, because Communism is dying, the prognosis for the defeat of liberalism and New Age Occultism is greatly enhanced, esp. if men and women cooperate with Our Lady who promised: “In the end my Immaculate Heart will Triumph.” She will triumph not only over Communism, but also over *liberalism* and *New Ageism*. However the latter two, unlike defeated Communism, will require both current and future battles, battles from which the Church will arise victorious, battles against a significantly weakened enemy, battles that will be more assuredly won due to the participation of the Virgin Mary who has been invited by the pontiff to participate in the advance in a determinate fashion due to the consecration of the world to Her Immaculate Heart. She waited a long time for the papal invitation accompanied by the prayers of her children (First Saturday Devotion). As [St. Louis de Montfort foresaw](#), the battle before us is to be led by the Virgin Herself:

“Towards the end of the world... Almighty God and his holy Mother are to raise up great saints who will surpass in holiness most other saints as much as the cedars of Lebanon tower above little shrubs...These great souls filled with grace and zeal will be chosen to oppose the enemies of God who are raging on all sides. They will be exceptionally devoted to the Blessed Virgin. Illumined by her light, strengthened by her food, guided by her spirit, supported by her arm, sheltered under her protection, they will fight with one hand and build with the other. With one hand they will give

battle, overthrowing and crushing heretics and their heresies, schismatics and their schisms, idolaters and their idolatries, sinners and their wickedness."

This prophecy of de Montfort is NOT a depiction of the 20th Century; the Church has *not* yet overcome schism and wickedness, but has been racked with them. Moreover, instead of building and expanding the Kingdom, as de Montfort foresaw, in the 20th century the church suffered a retraction and serious setback. The scene depicted by Saint Louis is not a depiction of the 20th century, the "Century of Martyrs", a century that saw Communism and its spawn, New Age occultism, victorious and spread everywhere. However, **following the consecration of Russia to the Immaculate Heart of Mary in 1984, the tide is turning**, a victory is imminent. But as de Montfort indicated, it will entail a great battle, a battle in which "sinners", "schismatics", "heretics", and "idolaters" will be overcome at the same time that those engaged in combat simultaneously build the Kingdom of God leading to the promised Triumph of the Immaculate Heart and an Era of Peace.

Before this victory can occur, the church must engage in a crucial battle with both Liberalism and Occultism, but especially with New Age occultism, which is the spawn of Communism. New Age devotees are themselves at war with the economic and political aspects of Liberalism; Liberalism has two forces working against it. Although New Agers use Catholic vocabulary such as "Men and Women of Goodwill", human dignity, justice, charity, becoming perfect as the Heavenly Father is perfect, spiritual growth, soul, sanctity, saints, angels, even the names of Jesus and titles such as "Christ", they have very different meanings; the two are diametrically opposed forces.

At its basis, **Communism is an evolutionary paradigm**, a biological, cultural and spiritual paradigm rooted in the mystical historical philosophy of Marx's

companion, [Friedrich Hegel](#) – who believed in spiritual evolution within the context of human history, within the context of the cosmos which, according to Hegel is involved in the process of spiritual evolution itself. This multifarious Communist evolutionary paradigm, aided by mass propaganda and control of education, found its way into the respectable realm of academia as a result of the reputable work of Russian scientist like [Ivan Pavlov](#) and [Alexander Oparin](#), who was the “Father” of Primal Soup Theory, that is of **Chemical Evolution**, the forerunner of Charles Darwin’s theory of **Biological Evolution**, which is cousin to the more advanced and esoteric or arcane **Spiritual Evolution** of Theosophy and the New Age, which is also the product of Communism. Although all three are products of Communism, the latter one (spiritual evolution) is the most insidious; it is intimately related to propagation of homosexuality, feminism, hermaphroditism, spiritism, demonism and of the immense aberrations affecting the West today. They were perpetrated by Communist apparatchiki and their liberal allies in the West who took up the anti-Christian banner under a different name.

As stated above, Communism is at its basis an evolutionary theory of human progress; it therefore incorporates all aspects of human evolution, biological, chemical, social-cultural and New Age [spiritual evolution](#) as well. New Age Theosophy was nurtured by [Madame Blavatsky \(the Russian Matriarch of the New Age\)](#) and [Grigori Yefimovich Rasputin](#), the ersatz Russian Orthodox monk who was a student and practitioner of the occult, which he used to promote the Bolshevik Revolution among the Russian aristocracy. The list of those following in the footsteps of these esoteric occultists include General Secretaries of the Communist Party: [Vladimir Lenin](#), [Joseph Stalin](#), [Leonid Brezhnev](#), and [Mikhail Gorbachev](#).

Alice Bailey, founder of United Nations affiliated publishing

house, Lucifer Trust (now Lucis Trust), savant of Freemasonry, and a “Matriarch of the New Age” attested to the link among Russia, Communism and the Occult:

[“Out of Russia will emerge \[a\] new magical religion”.](#)

Bailey claimed that she received revelations channeled from a **Tibetan ascended “spiritual master”** (a human being who purportedly evolved and ascended to the spiritual “ethereal plane” of Shambhala, a mystical dwelling place for spiritual masters supposedly existing in the celestial ether hovering somewhere over Tibet or the Gobi Desert), **a master named Djwhal Khul.**

SHAMBALLAH: Mystic Dwelling Place of “Ascended Masters” on Etheric Plane (the edge of physical reality) above Gobi Desert

[Valentin Kuklev](#) (Soviet philosopher of the occult), has corroborated Bailey’s knowledgeable assertion that the New Age movement had its origins in Russia:

“The roots of the New Age movement are undoubtedly in Russia.” He predicted that a “third culture” that is different from and superior to Marxism and liberalism will evolve out of Communism”.

Thus, it is not surprising that [Mikhail Gorbachev](#), the former Secretary of the Communist Party is a New Age devotee. The [National Council for Soviet and East European Research](#) concluded that:

“Open interest in the occult surged in the Gorbachev years.”

As a New Age devotee, Gorbachev believes in religious syncretism, that the religions of the world should unite around a core of common beliefs.

*“We need a new synthesis (Gorbachev says) that incorporates **democratic, Christian and Buddhist values**, which affirms such moral principles as the sense of oneness with nature and each other a kind of (new) Ten Commandments that provides a guide for human behavior in the next century and beyond.”*

According to Gorbachev, the moral precepts recorded by Moses are outdated, the evolving world requires a new guide for the next Aquarian Century and beyond. Gorbachev, employing the Hegelian evolutionary paradigm, had the percipience to realize that the long evolutionary road to full Communism included a stage known as the [Dictatorship of the Proletariat](#), a temporary evolutionary phase that under his leadership had reached its apex and was about to morph into the next stage of human development: full blown Communism-the idyllic brotherhood of man promised by Communist, Theosophical, Gnostic and New Age evolutionary paradigms. Gorbachev alienated the Communist Old Guard by his forward march toward full Communism, which meant that things had to change if progress was to be made. He argued that only those Communist Adepts wise enough to realize that the moment had come for a global shift, for the long-awaited historical and evolutionary dawn, only those adepts could be trusted with the paramount task of global renewal. Marx’s promised brotherhood of man was at hand, a New World Order.

Thus, the [Gorbachev Foundation](#) boasts that its leader:

“...is driven by a profound commitment to engaging hearts and minds of eminent political figures, experts, journalists and civil society leaders to raise global awareness of the need to herald a new world order.”

Accompanied by a shift of evolutionary consciousness, Gorbachev became a global leader of the New Age and in so doing, the supposed materialist tipped his esoteric hand! He believed in God after all. His god however is *not* the Orthodox or Catholic Trinity; Gorbachev is an advocate of Theosophic panentheism or pantheism. Thus, according to Gorbachev (1997) some form of pantheism or nature god is preeminent:

“Look at the sun. If there is no sun, then we cannot exist. So nature is my god. To me, nature is sacred. Trees are my temples and forests are my cathedrals. “Nature Is My God.”

As a New Age devotee committed to a new paradigm shift, he subsequently announced that

“Now [the whole world needs restructuring](#), i.e. progressive development, a fundamental change”.

As a true Communist and devotee of the New Age, Gorbachev insists that we must cooperate with the evolutionary force to propel history forward.

“The world is in transition (he said). It is affected by the specific conditions, by the history, culture and [evolution of different nations and regions](#).”

Consequently he organized, sponsored, and presided at [The State of the World Forum](#),” an international gathering of global elites sponsored by none else that the [Gorbachev Foundation](#). Sensing the demise of Communism and the *apropos* chance to launch a global initiative upward into the New Age, the theme of their inaugural meeting was appropriately advertised: **“Toward a New Civilization: Launching a Global Initiative”**.

Gorbachev’s idea for a new civilization is evident in the [Earth Charter](#) of which he is a major contributor and

signatory. [The Earth Charter](#) Initiative is a “global movement of organizations and individuals that embrace the Earth Charter and use it to guide the transition towards a more just, sustainable, and peaceful world. According to [Maurice Strong](#), Gorbachev’s Co-Founder of the [Earth Charter](#):

“The ideas and values in the Earth Charter reflect the influence of a great variety of intellectual sources and social movements. These include the wisdom of the world’s religions and great philosophical traditions and the new scientific worldview being shaped by, among other disciplines, cosmology and ecology.”

Interestingly, not one of these supposed-savants is an Roman Catholic or Orthodox Christian. Thus, it is not surprising that they should advocate the creation of a new Ten Commandments. The real goal of the Earth Charter, Maurice insists is:

“That it will in fact become like the Ten Commandments, like the Universal Declaration of Human Rights.”

Gorbachev and Strong agree on the Ten Commandments theme and style themselves among the elite cohort of future lawgivers necessary for the progress of humanity.

Thus, according to the Charter:

“Humanity must undergo a global [“change of mind and heart.”](#) “The Earth Charter provides a very valuable educational instrument. It encourages us to search for common ground in the midst of our diversity and to [embrace a global ethic](#) that is shared by an ever-growing number of people throughout the world.”

[The new ethic includes:](#)

- a. Eliminating discrimination in all its forms, such as that based on race, color, sex, **sexual orientation**, religion, language, and national, ethnic or social origin (liberalism).
- b. Promoting the *equitable distribution of wealth* within nations and among nations (socialism).
- c. Prevention of cruelty to animals kept in human societies and protecting them from suffering with no mention of human babies or abortion (Culture of Death).
- d. Promotion of a culture of tolerance, nonviolence, and peace (liberalism, war on old thinking, i.e., Christian Culture, immigration etc.)
- e. Affirming inherent dignity of all human beings.” (however, UN agencies support euthanasia and abortion for those not capable of a “quality” life.)

As said above, Gorbachev would like to institute a new Ten Commandments beginning with “Do not do unto the environment of others what you do not want done to your own environment.” He also expects the Earth Charter to become a new “Sermon on the Mount” that “provides a guide for human behavior toward the environment in the next century.”

And in what should the Earth Charter, the new Ten Commandment be housed? nothing else than a new Ark build according to the biblical Ark that held the Ten Commandments given by God to Moses. Gorbachev’s Ark, known as the [Ark of Hope](#) contains the world’s New Age [Temenos Books](#) and the new Ten Commandments, the New Age Earth Charter.

In attempt to grace the World Forum and annual Earth Charter meetings with much needed enlightenment, Gorbachev has invited a veritable Who's Who List of New Age savants to act as spiritual advisors. Some of his invitees include:

[Fritjof Capra](#), the Tao physicist of Berkeley; New Age channelers [Shirley MacLaine](#) and [Barbara Marx Hubbard](#); the Buddhist poet, [Thich Nhat Hanh](#); also [Robert Muller](#), acclaimed New Age advocate and former Undersecretary of the United Nations; [Deepak Chopra](#), a TV personality and New Age Guru; New Age adept [Maurice Strong](#) who also served as Undersecretary of the UN and President of the Council of the [University for Peace](#); as well as [Michael Murphy](#), founder of Esalen; New Age darling, [Tony Robbins](#); an occult apostate priest, [Matthew Fox](#) and Desmond Tutu and a host of [New Age Episcopal Clergy](#).

As an imbibor of New Age Enlightenment, Barbara Marx Hubbard believes that Lucifer is the true benefactor of humanity, while the God of Genesis is a vindictive tyrant imprisoning men and women in ignorance:

*"The serpent symbolizes an irresistible energy that is leading us toward life ever-evolving. First the serpent tempted Eve to eat of the Tree of Knowledge of Good and Evil... Then self-awareness came..."*Evil – the devil – is evolution's selection process that constantly weeds out the weaker from the stronger."

Corollary with her adulation of Lucifer, Hubbard boasts that a spirit guide who identified itself as "Jesus" told her to "love Satan, my fallen brother".

Hubbard is simply confirming what the Russian [Madame Blavatsky](#) conveyed about Lucifer:

"The Fall was the result of man's knowledge, for his 'eyes were opened.' Indeed, he was taught Wisdom and the hidden knowledge by the 'Fallen Angel.'"

Robert Muller, the former Assistant Secretary General of the United Nations, would like to assure that these esoteric teachings are stealthily included in formative education of children (more explicit as they mature by degrees and initiations). Muller garnered the UNESCO award for his contribution to Peace Education (without mention of the Prince of Peace), the “World Core Curriculum” . This world curriculum is to be introduced into schools worldwide beginning with the Robert Muller School. According to Muller,

“The underlying philosophy upon which The [Robert Muller School](#) is based will be found in the teachings set forth in the books of Alice A. Bailey” (the matriarch who opens our eyes to the supposed truth that Lucifer is the benefactor of humanity).

Bailey, as indicated above, received her teachings from a medium who channeled the voice of a Tibetan Master, Djwhal Khul, residing on Shamballa. According to his and other occultic voices, the new united world religion must be universal, all New Age initiates must profess their sole spiritual allegiance to “the global spirituality (not Jesus Christ) and to the health of this planet”. Muller harbors an animus toward Protestantism: He insists that fundamentalism must be “tamed”. Muller also favors eradication of loyal Catholics and thanks the French Revolution for having begun the job, which still needs to be finished: “Two of the worst principles and words still used on planet Earth are: “fundamentalism” and “infallibility.”

Muller envisions the United Nations hatching a [syncretic religion to replace Protestantism and Catholicism](#).

“At the beginning the UN was only a hope. Today it is a political reality. Tomorrow it will be the world’s religion.”

Muller admonishes us to look to Gorbachev and Communism for

answers to the future.

“We should ask an honest man like Mikhail Gorbachev to tell us what was good in certain cases in communism and which would be useful for humanity.”

The apostate priest Matthew Fox believes in a “Cosmic Christ” and wants us to envision a coming Vatican Council III called explicitly to define a new dogma about the “Cosmic Christ” a new and evolved understanding of the Christ rooted in New Age theosophy. [Fox envisions future papal imposed re-education camps](#) for members of the episcopate who refuse to adopt the new cosmic ideas:

“Still another action taken by this (future cosmic) pope has been to gather non-conforming members of the Catholic Episcopate on one island where they are to undergo a two-year spiritual retreat that includes a critique of the history of fascism and Christianity on the one hand and an inculcation of creation spirituality on the other.”

These are the men and women Mr. Gorbachev calls friends, the brain trust that he and Maurice Strong *et al* chose to enlighten their global forums. Thus, it is little surprise that the ideas advanced by such authors of the Earth Charter include:

1. [“The planet as a whole is a living, self-regulating system”](#) (New Age GAIA -Greek Goddess of the Earth).
2. [“Over billions of years of evolution,](#) the Earth’s ecosystems have evolved certain principles of organization to sustain the web of life”
3. “The Way Forward,” calls for [“a change of mind and heart... spiritual awakening](#) that leads to moral insight, inner growth, and transformation (New Age Evolution)
4. The Charter states that [“A dramatic rise in population](#) has increased the pressures on ecological

systems and has overburdened social systems” (Old over-population argument – population must be reduced somehow – abortion, contraception, or ?).

5. Ensuring “universal access to health care that fosters reproductive health and *responsible reproduction*. (contraception abortion, artificial insemination etc.)

Nor is it surprising that Gorbachev was committed to radical economic, political and spiritual change As [Bruce Kettler](#) asserts:

“What was Gorbachev as a leader if not “New Age”? Yes, and he was a part of the New World Order movement. What a radical change he brought about!... Sudden and radical change.”

A change that includes attack on the family and God’s command to be fruitful and multiply ([Genesis 1:28](#)).” Gorbachev seems to prefer the old Chinese approach: Speaking in 1997 about the transition to a New Global Order, [Gorbachev commented](#):

“For a certain transitional period families should limit themselves to one child.”

According to [Lee Penn](#):

“New Age spiritual leaders have a firmly entrenched anti-Christian worldview, and many of them harbor a special hatred for the Catholic Church. Many believe that the Fall was really man’s ascent into knowledge, assisted by Lucifer – whom they hail as the bringer of light and wisdom. Many expect an imminent, apocalyptic transformation that will lead humanity into the New Age. By acts of men or by an act of “spirit,” earth will be cleansed of those who refuse to evolve.”

As an evolutionary spiritual paradigm, older religions have played their role in the past ascent of the human race and now

must give way to more advanced forms spirituality, especially Christianity and Judaism which are considered “separative” and “obsolete”; they are a drag on human development and must be transformed or eradicated.

Using overpopulation as a drag on evolution argument, New Age adepts and change agents [plan to usher in more deaths than those caused by Communism](#). [Barbara Marx Hubbard](#), a friend and **colleague of Gorbachev**, quoted above, was an organizer of the [1988 Soviet-American Citizens' Summit](#) in Alexandria, Virginia. “She coordinated with the Soviet Peace Committee...established by Stalin to carry out penetration and subversion of foreign countries.” This same Ms. Hubbard **states that she and others are “establishing Evolutionary Circles** throughout the world to support small groups in their emergence as universal humans, founders of a new global civilization.” [She boasts that:](#)

*“We, the elders, have been patiently waiting until the very last moment before the quantum transformation, **to take action to cut out this corrupted and corrupting element in the body of humanity**. It is like watching a cancer grow; **something must be done before the whole body is destroyed** . . . the self-centered members must be destroyed. There is no alternative. Only the God-centered (New Age devotees) can evolve. . . . **We will use whatever means we must to make this act of destruction as quick and painless as possible to the one-half of the world who are capable of evolving**” (painless for evolving New Age, not those to be euthanized) (Hubbard, pp 60-61).*

Perhap Gorbachev’s New Age, anti-Christian values can be assessed from his close association with [George Soros](#), the contemporary Patriarch and purveyor of liberal Globalism. Speaking of Gorbachev, Soros stated:

“[I believe that his vision is clearest and most far-](#)

[sighted](#) in international relations—indeed, in the USSR the expression “new thinking” is usually applied to international politics.”

The link between Gorbachev, Communism and the New Age is aptly stated by Alice Bailey:

“The true communistic platform is sound; it is brotherhood in action and it does not – in its original platform – run counter to the spirit of Christ.”

This was the platform that Gorbachev was committed to advancing, advancing from the Dictatorship of the Proletariat to full blown Communism including a New Age spiritual leap forward. Fortunately, Our Lady had other plans. Fortunately, Gorbachev was forced from power; he was followed by a liberal lackey who paved the way for Vladimir Putin, a political leader who set Russia on a different course than that planned by his New Age predecessor. Consequently, New Age Globalists led by men like Soros, are vilifying Putin; he is striking at their roots. Christians should be thanking God for Putin who is under attack by anti-Christian globalists apparently steeped in the occult. [According to Putin:](#)

“Many Euro-Atlantic countries have moved away from their roots, including Christian values. Policies are being pursued that place on the same level a multi-child family and a same-sex partnership, a faith in God and a belief in Satan. This is the path to degradation.”

[Pat Buchanan](#), the Conservative Paleocon journalist and once US Presidential Candidate, recognizes the transformation wrought

by President Putin, recognizes where the future is going. It will *not be* into a Luciferian New Age. Thanks to the reawakening of Christianity in Russia and beyond, it will be a promised Marian Era of Peace:

“In the culture war for the future of mankind, Putin is planting Russia’s flag firmly on the side of traditional Christianity.”

Our Lady of Fatima indicated that Communism was the cause of the world’s woes. Her remedies: the Consecration of Russia, the Rosary, [Brown Scapular](#) and true Marian Devotion leading to Eucharistic Devotion heralded by the [World Apostolate of Fatima](#).

St. Maximilian Mary Kolbe, aware of Communism in the East, identified the enemy in the West as Freemasonry. His remedies: the Rosary, [Miraculous Medal](#) and authentic Marian Devotion leading to Christ in the Eucharist heralded by the [Militia Immaculata](#).

With New Age Globalism having one Communist foot in the grave, it is up to the crippled Masons alone to peddle dying liberalism and New Age Occultism. Masonry is facing the combined forces of the Roman Catholic and Russian Orthodox Churches, and of the spiritual special forces headed by the Militia Immaculata and the World Apostolate of Fatima, greatly emboldened by the [Queen of Heaven, Theotokos, the Heaven sent Ark of the Covenant \(Rv 11:19-12:2\)](#) to assure all the graces necessary to defeat a crippled enemy and usher in an Era of Peace.

As Saint Louis de Montfort foresaw:

“Towards the end of the world... Almighty God and his holy Mother are to raise up great saints who will surpass in holiness most other saints as much as the cedars of Lebanon tower above little shrubs...These great souls filled with grace

and zeal will be chosen to oppose the enemies of God who are raging on all sides. They will be exceptionally devoted to the Blessed Virgin. Illumined by her light, strengthened by her food, guided by her spirit, supported by her arm, sheltered under her protection, they will fight with one hand and build with the other. With one hand they will give battle, overthrowing and crushing heretics and their heresies, schismatics and their schisms, idolaters and their idolatries, sinners and their wickedness.”

Holy Mother of God -“Ora pro nobis”.
