

Russian President Vladimir Putin Announces He Will Run For Reelection In 2018

[New Era World News and Global Intelligence](#)

EARLIER TODAY RUSSIAN PRESIDENT VLADIMIR PUTIN (age 65), with the majority [United Russia Party](#) behind him, announced his intent to seek a second term in the upcoming March 18, 2018 presidential election:

“I will be proposing my candidacy for the position of President of the Russian Federation...Russia will move only forward, and no one will ever stop it in its progress.”

Following a thunderous reception from an assembly of car factory workers in Nizhny Novgorod, Putin replied:

“Thank you for this reaction, first of all, thank you for your work. Thank you for your attitude toward your work, the enterprise, the city, the country. I am sure that we will succeed.”

“I will put forth my candidacy for the post of president of the Russian Federation,” Putin said in Nizhny Novgorod on December 6

Putin previously served two consecutive terms as president from 2000 to 2008 after which the then new President, Dmitry Medvedev, appointed him as Prime Minister. Putin was then elected president for a third time in 2012 and has kept his

intention to seek a fourth term in 2018 close to his chest until earlier today.

A recent Romir-Gallup [poll](#) reveals that if the election were held within a week from now Putin would win an overwhelming victory garnering 75 percent of votes. Popular as he is, he will not run uncontested. Nonetheless, he is expected to win by a comfortable margin. *“No other candidate is expected to break through the 10 per cent barrier.”*

Those who have already lined up to oppose him include: **Ksenia Sobchak**, a self-described underdog who plugs herself as “the against-all candidate.” She will be joined by unlikely opposition journalist **Grigory Yavlinsky** representing the Democratic Yabloko Party. A more well known candidate **Vladimir Zhirinovsky**, long time Putin opponent and leader of the Liberal Democratic Party will oppose Putin for the sixth time. Other potential presidential candidates include: musician and political analysts **Ekaterina Gordon** running as an Independent, political scientist **Andrei Bogdanov**, and Russian Tycoon **Sergei Polonsky**.

In order to qualify as a candidate for president, each potential candidate must secure 100,000 signatures.

Ksenia Sobchak

Ms. Sobchak is a the socialite daughter of late St. Petersburg Mayor Anatoly Sobchak best known as a seasoned journalist with very little political experience. Nonetheless, She has already

launched a [campaign website](#) on which she has announced her candidacy. According to Sobchak, she has already garnered 2,000 signatures toward the required 100,000 to be eligible to run for president.

Grigory Yavlinsky

Mr. Yavlinski is a seasoned politician and economist best known for his leadership of the [social-liberal Yabloko Party](#) and as the author of Russia's [500 Days Programme](#), which he drafted to help the former Soviet Union transition to a market economy. Yavlinsky has previously run for president two times. In 1996 he finished fourth against Boris Yeltsin garnering 7% of the vote and then again in 2000 against Vladimir Putin, a race in which he finished third with 6% of the vote. Yavlinski does *not* support Russian annexation of Crimea and believes the nation should admit that it violated international norms in doing so. He [recently announced that he will beat Putin in 2018](#).

Vladimir Zhirinovski

Mr. Zhirinovskiy is also a seasoned politician who as leader of the Liberal Democratic Party of Russia (LDPR), will represent the party for the sixth time. Zhirinovskiy is a colonel in the Russian army, a member of the Parliamentary Assembly Council of Europe, and Vice-Chairman of the State Duma (lower house Russian Legislature). He has been described as “fiercely nationalist” and “a [showman](#) of Russian politics, blending populist and nationalist rhetoric, [anti-Western invective](#) and a brash, confrontational style.”

The LDPR is opposed to both socialism/communism and [neoliberal capitalism](#). In the [2011](#) LDPR earned 11% or 50 of the 450 seats in parliament. The LDPR has a reputation for being authoritarian and fiscally leftist. Zhirinovskiy is infatuated with the idea of a “renewed Russian Empire” and the rebirth of a “Greater Russia”.

Ekaterina Gordon

Katya Gordon is a song writer, human rights activist, and seasoned attorney and who heads her own law firm: Gordon & Sons, which specializes in family law. She received two “Golden Gramophone” awards and in 2016 she received the “Best Duo” version of the [“Muz-TV Award”](#).

On October 30, 2017, she announced her intention to participate in the [presidential elections in 2018](#).

Taking a jab at a female opponent Ksenia Sobchak, Gordon sarcastically knocked Sobchak’s reputation as a glamorous socialite to her own advantage with the Russian people:

“I am not a representative of glamour, I wasn’t born with a silver spoon in my mouth”

Among Candidates Comments in this Video: “I am not a representative of glamour, I wasn’t born with a silver spoon in my mouth”

Running on a “pro-women” platform, she touts her emotionally packed experiences, experiences that have been etched into her legal psyche following a half decade of defending women’s and children’s rights as the motivation for her feminist platform.

“I know how our judicial system works in practice,” Gordon stressed. “We are a country of single mothers whom no one cares about.”

Andrei Bogdanov

Mr Bogdanov is a seasoned politician with strong political and historic ties to the West. Since 2014 he has served as Chairman of the [Communist Party of Social Justice](#); he is a Freemason and Grand Master of the Grand Lodge of Russia (a post he will hold until 2020), and a 33° Scottish Rite Adept. In 2008 he ran for president and received nearly a million votes, which is roughly 1.3% of the Russian electorate.

As a Freemason, Bogdanov favors European integration, liberalism, and less state involvement in the economy.

Sergei Polonsky

Mr. Polonsky is a successful Russian businessman who owns Mirax Group, one of Russia's largest real estate companies.

He was one of the richest men in Russia prior to the 2007 financial crisis. On 12, July 2017 he was found guilty of fraud, but the judge ruled that too much time had elapsed since commission of the crime for the court's decision to be implemented; consequently, Polansky simply "walked away".

["A Moscow court convicted one of Russia's most flamboyant tycoons, Sergei Polonsky, of fraud on Wednesday, and yet the property developer who symbolized the excess of the oil-fueled boom times walked away a free man."](#)

Despite Bogdanovov's Masonry and Yavlinsky's show of bravado, none of these candidates has what it takes to defeat the incumbent come March 2018. Putin is an extremely popular political leader whose success in foreign policy, whose desire to increase domestic production and expansion of trade with Asia to offset Western Sanctions, as well as his willingness to take on the globalist financial elite and the purveyors of liberalism, have made him a champion among the vast majority of Russian people. His re-election seems an easy forecast – that is, [if he continues to outwit would-be assassins.](#)

**End of Communism & New Age
Occultism: Triumph of**

Immaculate Heart Part III

[\(New Era World News\)](#)

[A Reading of Part II is Highly Recommended Before Proceeding to Part III](#)

PART TWO OF THIS THREE PART INTELLIGENCE REPORT concluded with the words: “If Russia is to be the cause of a future chastisement, what in Heaven’s name do we call that which the world just passed through? Russia is no longer implementing, supporting or disseminating all the errors and horrors of Communism. Instead, the Kremlin is [supporting life, fighting abortion, building churches, putting Christian prayer in public schools, requiring teachers to take theology and ethics courses, fighting liberalism, and protecting Christians around the globe.](#) As Our Lady promised: Communism has been defeated in Russia – the 20th Century Chastisement spearheaded by Russia has ended. Russia is becoming a Christian Nation.

The errors of Communism might be subsiding, but the world was so inundated with the filth of Communism (intertwined with Liberalism and New Age Occultism) that, despite its defeat, the planet is still enthralled in darkness. Our Lady asked for the Consecration of Russia in 1925, but it was not carried out until 1984. Thus, even though there is overwhelming evidence that Russia is being converted, liberalism and New Age Occultism are infesting the air. As the Virgin Mary lamented to Sister Lucia:

*“They (the popes) did not wish to heed my request!... They will repent and do it, but **it will be late.**”*

“Russia will have already spread her errors throughout the world, provoking wars, and persecutions of the Church: the

Holy Father will have much to suffer."

Since the response to Our Lady's requests were continually prolonged, the world is now drowning in a Sea of Sin, sin that is less the result of liberalism than of New Ageism, an offshoot of Communism. However, because Communism is dying, the prognosis for the defeat of liberalism and New Age Occultism is greatly enhanced, esp. if men and women cooperate with Our Lady who promised: "In the end my Immaculate Heart will Triumph." She will triumph not only over Communism, but also over *liberalism* and *New Ageism*. However the latter two, unlike defeated Communism, will require both current and future battles, battles from which the Church will arise victorious, battles against a significantly weakened enemy, battles that will be more assuredly won due to the participation of the Virgin Mary who has been invited by the pontiff to participate in the advance in a determinate fashion due to the consecration of the world to Her Immaculate Heart. She waited a long time for the papal invitation accompanied by the prayers of her children (First Saturday Devotion). As [St. Louis de Montfort foresaw](#), the battle before us is to be led by the Virgin Herself:

"Towards the end of the world... Almighty God and his holy Mother are to raise up great saints who will surpass in holiness most other saints as much as the cedars of Lebanon tower above little shrubs...These great souls filled with grace and zeal will be chosen to oppose the enemies of God who are raging on all sides. They will be exceptionally devoted to the Blessed Virgin. Illumined by her light, strengthened by her food, guided by her spirit, supported by her arm, sheltered under her protection, they will fight with one hand and build with the other. With one hand they will give battle, overthrowing and crushing heretics and their heresies, schismatics and their schisms, idolaters and their idolatries, sinners and their wickedness."

This prophecy of de Montfort is NOT a depiction of the 20th Century; the Church has *not* yet overcome schism and wickedness, but has been racked with them. Moreover, instead of building and expanding the Kingdom, as de Montfort foresaw, in the 20th century the church suffered a retraction and serious setback. The scene depicted by Saint Louis is not a depiction of the 20th century, the "Century of Martyrs", a century that saw Communism and its spawn, New Age occultism, victorious and spread everywhere. However, **following the consecration of Russia to the Immaculate Heart of Mary in 1984, the tide is turning**, a victory is imminent. But as de Montfort indicated, it will entail a great battle, a battle in which "sinners", "schismatics", "heretics", and "idolaters" will be overcome at the same time that those engaged in combat simultaneously build the Kingdom of God leading to the promised Triumph of the Immaculate Heart and an Era of Peace.

Before this victory can occur, the church must engage in a crucial battle with both Liberalism and Occultism, but especially with New Age occultism, which is the spawn of Communism. New Age devotees are themselves at war with the economic and political aspects of Liberalism; Liberalism has two forces working against it. Although New Agers use Catholic vocabulary such as "Men and Women of Goodwill", human dignity, justice, charity, becoming perfect as the Heavenly Father is perfect, spiritual growth, soul, sanctity, saints, angels, even the names of Jesus and titles such as "Christ", they have very different meanings; the two are diametrically opposed forces.

At its basis, **Communism is an evolutionary paradigm**, a biological, cultural and spiritual paradigm rooted in the mystical historical philosophy of Marx's companion, [Friedrich Hegel](#) – who believed in spiritual evolution within the context of human history, within the context of the cosmos which, according to Hegel is involved in the process of spiritual evolution itself. This

multifarious Communist evolutionary paradigm, aided by mass propaganda and control of education, found its way into the respectable realm of academia as a result of the reputable work of Russian scientist like [Ivan Pavlov](#) and [Alexander Oparin](#), who was the “Father” of Primal Soup Theory, that is of **Chemical Evolution**, the forerunner of Charles Darwin’s theory of **Biological Evolution**, which is cousin to the more advanced and esoteric or arcane **Spiritual Evolution** of Theosophy and the New Age, which is also the product of Communism. Although all three are products of Communism, the latter one (spiritual evolution) is the most insidious; it is intimately related to propagation of homosexuality, feminism, hermaphroditism, spiritism, demonism and of the immense aberrations affecting the West today. They were perpetrated by Communist apparatchiki and their liberal allies in the West who took up the anti-Christian banner under a different name.

As stated above, Communism is at its basis an evolutionary theory of human progress; it therefore incorporates all aspects of human evolution, biological, chemical, social-cultural and New Age [spiritual evolution](#) as well. New Age Theosophy was nurtured by [Madame Blavatsky \(the Russian Matriarch of the New Age\)](#) and [Grigori Yefimovich Rasputin](#), the ersatz Russian Orthodox monk who was a student and practitioner of the occult, which he used to promote the Bolshevik Revolution among the Russian aristocracy. The list of those following in the footsteps of these esoteric occultists include General Secretaries of the Communist Party: [Vladimir Lenin](#), [Joseph Stalin](#), [Leonid Brezhnev](#), and [Mikhail Gorbachev](#).

Alice Bailey, founder of United Nations affiliated publishing house, Lucifer Trust (now Lucis Trust), savant of Freemasonry, and a “Matriarch of the New Age” attested to the link among Russia, Communism and the Occult:

[*“Out of Russia will emerge \[a\] new magical religion”.*](#)

Bailey claimed that she received revelations channeled from a **Tibetan ascended “spiritual master”** (a human being who purportedly evolved and ascended to the spiritual “ethereal plane” of Shambhala, a mystical dwelling place for spiritual masters supposedly existing in the celestial ether hovering somewhere over Tibet or the Gobi Desert), **a master named Djwhal Khul.**

SHAMBALLAH: Mystic Dwelling Place of “Ascended Masters” on Etheric Plane (the edge of physical reality) above Gobi Desert

[Valentin Kuklev](#) (Soviet philosopher of the occult), has corroborated Bailey’s knowledgeable assertion that the New Age movement had its origins in Russia:

“The roots of the New Age movement are undoubtedly in Russia.” He predicted that a “third culture” that is different from and superior to Marxism and liberalism will evolve out of Communism”.

Thus, it is not surprising that [Mikhail Gorbachev](#), the former Secretary of the Communist Party is a New Age devotee. The [National Council for Soviet and East European Research](#) concluded that:

“Open interest in the occult surged in the Gorbachev years.”

As a New Age devotee, Gorbachev believes in religious syncretism, that the religions of the world should unite around a core of common beliefs.

*“We need a new synthesis (Gorbachev says) that incorporates **democratic, Christian and Buddhist values**, which affirms such moral principles as the sense of*

oneness with nature and each other a kind of (new) Ten Commandments that provides a guide for human behavior in the next century and beyond."

According to Gorbachev, the moral precepts recorded by Moses are outdated, the evolving world requires a new guide for the next Aquarian Century and beyond. Gorbachev, employing the Hegelian evolutionary paradigm, had the percipience to realize that the long evolutionary road to full Communism included a stage known as the [Dictatorship of the Proletariat](#), a temporary evolutionary phase that under his leadership had reached its apex and was about to morph into the next stage of human development: full blown Communism-the idyllic brotherhood of man promised by Communist, Theosophical, Gnostic and New Age evolutionary paradigms. Gorbachev alienated the Communist Old Guard by his forward march toward full Communism, which meant that things had to change if progress was to be made. He argued that only those Communist Adepts wise enough to realize that the moment had come for a global shift, for the long-awaited historical and evolutionary dawn, only those adepts could be trusted with the paramount task of global renewal. Marx's promised brotherhood of man was at hand, a New World Order.

Thus, the [Gorbachev Foundation](#) boasts that its leader:

"...is driven by a profound commitment to engaging hearts and minds of eminent political figures, experts, journalists and civil society leaders to raise global awareness of the need to herald a new world order."

Accompanied by a shift of evolutionary consciousness, Gorbachev became a global leader of the New Age and in so doing, the supposed materialist tipped his esoteric hand! He believed in God after all. His god however is *not* the Orthodox or Catholic Trinity; Gorbachev is an advocate of Theosophic panentheism or pantheism. Thus, according to Gorbachev (1997)

some form of pantheism or nature god is preeminent:

“Look at the sun. If there is no sun, then we cannot exist. So nature is my god. To me, nature is sacred. Trees are my temples and forests are my cathedrals. “Nature Is My God.”

As a New Age devotee committed to a new paradigm shift, he subsequently announced that

“Now [the whole world needs restructuring](#), i.e. progressive development, a fundamental change”.

As a true Communist and devotee of the New Age, Gorbachev insists that we must cooperate with the evolutionary force to propel history forward.

“The world is in transition (he said). It is affected by the specific conditions, by the history, culture and [evolution of different nations and regions](#).”

Consequently he organized, sponsored, and presided at [The State of the World Forum](#),” an international gathering of global elites sponsored by none else that the [Gorbachev Foundation](#). Sensing the demise of Communism and the *apropos* chance to launch a global initiative upward into the New Age, the theme of their inaugural meeting was appropriately advertised: **“Toward a New Civilization: Launching a Global Initiative”**.

Gorbachev’s idea for a new civilization is evident in the [Earth Charter](#) of which he is a major contributor and signatory. [The Earth Charter Initiative](#) is a “global movement of organizations and individuals that embrace the Earth Charter and use it to guide the transition towards a more just, sustainable, and peaceful world. According to [Maurice Strong](#), Gorbachev’s Co-Founder of the [Earth Charter](#):

“The ideas and values in the Earth Charter reflect the influence of a great variety of intellectual sources and social movements. These include the wisdom of the world’s religions and great philosophical traditions and the new scientific worldview being shaped by, among other disciplines, cosmology and ecology.”

Interestingly, not one of these supposed-savants is an Roman Catholic or Orthodox Christian. Thus, it is not surprising that they should advocate the creation of a new Ten Commandments. The real goal of the Earth Charter, Maurice insists is:

“That it will in fact become like the Ten Commandments, like the Universal Declaration of Human Rights.”

Gorbachev and Strong agree on the Ten Commandments theme and style themselves among the elite cohort of future lawgivers necessary for the progress of humanity.

Thus, according to the Charter:

“Humanity must undergo a global [“change of mind and heart.”](#) “The Earth Charter provides a very valuable educational instrument. It encourages us to search for common ground in the midst of our diversity and to [embrace a global ethic](#) that is shared by an ever-growing number of people throughout the world.”

[The new ethic includes:](#)

- a. Eliminating discrimination in all its forms, such as that based on race, color, sex, **sexual orientation**, religion, language, and national, ethnic or social origin (liberalism).
- b. Promoting the *equitable distribution of wealth* within nations and among nations (socialism).

- c. Prevention of cruelty to animals kept in human societies and protecting them from suffering with no mention of human babies or abortion (Culture of Death).
- d. Promotion of a culture of tolerance, nonviolence, and peace (liberalism, war on old thinking, i.e., Christian Culture, immigration etc.)
- e. Affirming inherent dignity of all human beings.” (however, UN agencies support euthanasia and abortion for those not capable of a “quality” life.)

As said above, Gorbachev would like to institute a new Ten Commandments beginning with “Do not do unto the environment of others what you do not want done to your own environment.” He also expects the Earth Charter to become a new “Sermon on the Mount” that “provides a guide for human behavior toward the environment in the next century.”

And in what should the Earth Charter, the new Ten Commandment be housed? nothing else than a new Ark build according to the biblical Ark that held the Ten Commandments given by God to Moses. Gorbachev’s Ark, known as the [Ark of Hope](#) contains the world’s New Age [Temenos Books](#) and the new Ten Commandments, the New Age Earth Charter.

In attempt to grace the World Forum and annual Earth Charter meetings with much needed enlightenment, Gorbachev has invited a veritable Who’s Who List of New Age savants to act as spiritual advisors. Some of his invitees include:

[Fritjof Capra](#), the Tao physicist of Berkeley; New Age

channelers [Shirley MacLaine](#) and [Barbara Marx Hubbard](#); the Buddhist poet, [Thich Nhat Hanh](#); also [Robert Muller](#), acclaimed New Age advocate and former Undersecretary of the United Nations; [Deepak Chopra](#), a TV personality and New Age Guru; New Age adept [Maurice Strong](#) who also served as Undersecretary of the UN and President of the Council of the [University for Peace](#); as well as [Michael Murphy](#), founder of Esalen; New Age darling, [Tony Robbins](#); an occult apostate priest, [Matthew Fox](#) and Desmond Tutu and a host of [New Age Episcopal Clergy](#).

As an imbiber of New Age Enlightenment, Barbara Marx Hubbard believes that Lucifer is the true benefactor of humanity, while the God of Genesis is a vindictive tyrant imprisoning men and women in ignorance:

“The serpent symbolizes an irresistible energy that is leading us toward life ever-evolving. First the serpent tempted Eve to eat of the Tree of Knowledge of Good and Evil... Then self-awareness came...” *“Evil – the devil – is evolution’s selection process that constantly weeds out the weaker from the stronger.”*

Corollary with her adulation of Lucifer, Hubbard boasts that a spirit guide who identified itself as “Jesus” told her to “love Satan, my fallen brother”.

Hubbard is simply confirming what the Russian [Madame Blavatsky](#) conveyed about Lucifer:

*“The Fall was the result of man’s knowledge, for his ‘eyes were opened.’ Indeed, **he was taught Wisdom and the hidden knowledge by the ‘Fallen Angel.’**”*

Robert Muller, the former Assistant Secretary General of the United Nations, would like to assure that these esoteric teachings are stealthily included in formative education of children (more explicit as they mature by degrees and

initiations). Muller garnered the UNESCO award for his contribution to Peace Education (without mention of the Prince of Peace), the “World Core Curriculum” . This world curriculum is to be introduced into schools worldwide beginning with the Robert Muller School. According to Muller,

“The underlying philosophy upon which The [Robert Muller School](#) is based will be found in the teachings set forth in the books of Alice A. Bailey” (the matriarch who opens our eyes to the supposed truth that Lucifer is the benefactor of humanity).

Bailey, as indicated above, received her teachings from a medium who channeled the voice of a Tibetan Master, Djwhal Khul, residing on Shamballa. According to his and other occultic voices, the new united world religion must be universal, all New Age initiates must profess their sole spiritual allegiance to “the global spirituality (not Jesus Christ) and to the health of this planet”. Muller harbors an animus toward Protestantism: He insists that fundamentalism must be “tamed”. Muller also favors eradication of loyal Catholics and thanks the French Revolution for having begun the job, which still needs to be finished: “Two of the worst principles and words still used on planet Earth are: “fundamentalism” and “infallibility.”

Muller envisions the United Nations hatching a [syncretic religion to replace Protestantism and Catholicism](#).

“At the beginning the UN was only a hope. Today it is a political reality. Tomorrow it will be the world’s religion.”

Muller admonishes us to look to Gorbachev and Communism for answers to the future.

“We should ask an honest man like Mikhail Gorbachev to tell us what was good in certain cases in communism and which

would be useful for humanity.”

The apostate priest Matthew Fox believes in a “Cosmic Christ” and wants us to envision a coming Vatican Council III called explicitly to define a new dogma about the “Cosmic Christ” a new and evolved understanding of the Christ rooted in New Age theosophy. [Fox envisions future papal imposed re-education camps](#) for members of the episcopate who refuse to adopt the new cosmic ideas:

“Still another action taken by this (future cosmic) pope has been to gather non-conforming members of the Catholic Episcopate on one island where they are to undergo a two-year spiritual retreat that includes a critique of the history of fascism and Christianity on the one hand and an inculcation of creation spirituality on the other.”

These are the men and women Mr. Gorbachev calls friends, the brain trust that he and Maurice Strong *et al* chose to enlighten their global forums. Thus, it is little surprise that the ideas advanced by such authors of the Earth Charter include:

1. [“The planet as a whole is a living, self-regulating system”](#) (New Age GAIA -Greek Goddess of the Earth).
2. [“Over billions of years of evolution,](#) the Earth’s ecosystems have evolved certain principles of organization to sustain the web of life”
3. “The Way Forward,” calls for [“a change of mind and heart... spiritual awakening](#) that leads to moral insight, inner growth, and transformation (New Age Evolution)
4. The Charter states that [“A dramatic rise in population](#) has increased the pressures on ecological systems and has overburdened social systems” (Old over-population argument – population must be reduced somehow – abortion, contraception, or ?).
5. Ensuring “universal access to health care that fosters

reproductive health and *responsible reproduction*.
(contraception abortion, artificial insemination etc.)

Nor is it surprising that Gorbachev was committed to radical economic, political and spiritual change As [Bruce Kettler](#) asserts:

“What was Gorbachev as a leader if not “New Age”? Yes, and he was a part of the New World Order movement. What a radical change he brought about!... Sudden and radical change.”

A change that includes attack on the family and God’s command to be fruitful and multiply ([Genesis 1:28](#)).” Gorbachev seems to prefer the old Chinese approach: Speaking in 1997 about the transition to a New Global Order, [Gorbachev commented](#):

“For a certain transitional period families should limit themselves to one child.”

According to [Lee Penn](#):

“New Age spiritual leaders have a firmly entrenched anti-Christian worldview, and many of them harbor a special hatred for the Catholic Church. Many believe that the Fall was really man’s ascent into knowledge, assisted by Lucifer – whom they hail as the bringer of light and wisdom. Many expect an imminent, apocalyptic transformation that will lead humanity into the New Age. By acts of men or by an act of “spirit,” earth will be cleansed of those who refuse to evolve.”

As an evolutionary spiritual paradigm, older religions have played their role in the past ascent of the human race and now must give way to more advanced forms spirituality, especially Christianity and Judaism which are considered “separative” and “obsolete”; they are a drag on human development and must be transformed or eradicated.

Using overpopulation as a drag on evolution argument, New Age adepts and change agents [plan to usher in more deaths than those caused by Communism](#). [Barbara Marx Hubbard](#), a friend and **colleague of Gorbachev**, quoted above, was an organizer of the [1988 Soviet-American Citizens' Summit](#) in Alexandria, Virginia. "She coordinated with the Soviet Peace Committee...established by Stalin to carry out penetration and subversion of foreign countries." This same Ms. Hubbard **states that she and others are "establishing Evolutionary Circles** throughout the world to support small groups in their emergence as universal humans, founders of a new global civilization." [She boasts that:](#)

"We, the elders, have been patiently waiting until the very last moment before the quantum transformation, to take action to cut out this corrupted and corrupting element in the body of humanity. It is like watching a cancer grow; something must be done before the whole body is destroyed . . . the self-centered members must be destroyed. There is no alternative. Only the God-centered (New Age devotees) can evolve. . . . We will use whatever means we must to make this act of destruction as quick and painless as possible to the one-half of the world who are capable of evolving" (painless for evolving New Age, not those to be euthanized) (Hubbard, pp 60-61).

Perhap Gorbachev's New Age, anti-Christian values can be assessed from his close association with [George Soros](#), the contemporary Patriarch and purveyor of liberal Globalism. Speaking of Gorbachev, Soros stated:

"I [believe that his vision is clearest and most far-sighted](#) in international relations—indeed, in the USSR the expression "new thinking" is usually applied to international politics."

The link between Gorbachev, Communism and the New Age is aptly

stated by Alice Bailey:

“The true communistic platform is sound; it is brotherhood in action and it does not – in its original platform – run counter to the spirit of Christ.”

This was the platform that Gorbachev was committed to advancing, advancing from the Dictatorship of the Proletariat to full blown Communism including a New Age spiritual leap forward. Fortunately, Our Lady had other plans. Fortunately, Gorbachev was forced from power; he was followed by a liberal lackey who paved the way for Vladimir Putin, a political leader who set Russia on a different course than that planned by his New Age predecessor. Consequently, New Age Globalists led by men like Soros, are vilifying Putin; he is striking at their roots. Christians should be thanking God for Putin who is under attack by anti-Christian globalists apparently steeped in the occult. [According to Putin:](#)

“Many Euro-Atlantic countries have moved away from their roots, including Christian values. Policies are being pursued that place on the same level a multi-child family and a same-sex partnership, a faith in God and a belief in Satan. This is the path to degradation.”

<https://youtu.be/qzqnhj8W9Ac>

[Pat Buchanan](#), the Conservative Paleocon journalist and once US Presidential Candidate, recognizes the transformation wrought by President Putin, recognizes where the future is going. It will *not be* into a Luciferian New Age. Thanks to the reawakening of Christianity in Russia and beyond, it will be a promised Marian Era of Peace:

“In the culture war for the future of mankind, Putin is planting Russia’s flag firmly on the side of traditional Christianity.”

Our Lady of Fatima indicated that Communism was the cause of the world’s woes. Her remedies: the Consecration of Russia, the Rosary, [Brown Scapular](#) and true Marian Devotion leading to Eucharistic Devotion heralded by the [World Apostolate of Fatima](#).

St. Maximilian Mary Kolbe, aware of Communism in the East, identified the enemy in the West as Freemasonry. His remedies: the Rosary, [Miraculous Medal](#) and authentic Marian Devotion leading to Christ in the Eucharist heralded by the [Militia Immaculata](#).

With New Age Globalism having one Communist foot in the grave, it is up to the crippled Masons alone to peddle dying liberalism and New Age Occultism. Masonry is facing the combined forces of the Roman Catholic and Russian Orthodox Churches, and of the spiritual special forces headed by the Militia Immaculata and the World Apostolate of Fatima, greatly emboldened by the [Queen of Heaven, Theotokos, the Heaven sent Ark of the Covenant \(Rv 11:19-12:2\)](#) to assure all the graces necessary to defeat a crippled enemy and usher in an Era of Peace.

As Saint Louis de Montfort foresaw:

“Towards the end of the world... Almighty God and his holy Mother are to raise up great saints who will surpass in holiness most other saints as much as the cedars of Lebanon tower above little shrubs...These great souls filled with grace and zeal will be chosen to oppose the enemies of God who are raging on all sides. They will be exceptionally devoted to the Blessed Virgin. Illumined by her light, strengthened by her food, guided by her spirit, supported by her arm, sheltered under her protection, they will fight with one hand

and build with the other. With one hand they will give battle, overthrowing and crushing heretics and their heresies, schismatics and their schisms, idolaters and their idolatries, sinners and their wickedness.”

Holy Mother of God -“Ora pro nobis”.

Why is Russia Being Converted? Triumph of the Immaculate Heart Part II

[\(New Era World News\)](#)

[Please Read Part I Before Proceeding](#)

THE FIRST PART OF THIS ARTICLE concluded with an implicit message: The chastisement foretold by Our Lady at Fatima is **not** the eschatological chastisement of Anti-Christ to come at the end of the world, but a 20th century chastisement of Communism, a chastisement that is abating. The 20th century was plagued by two World Wars followed by other atrocious wars fought all over the globe, wars accompanied by gruesome tortures, death camps and gulags where priests and nuns were brutalized along with innocent women and children, churches desecrated by the tens of thousands, nuclear holocaust at the door and the mainstream media would have us believe that a cohort of paid for terrorists, poverty stricken men without a country, men driving jeeps paid for by American and Saudi dollars, jeeps equipped with nothing but machine guns and

IEDs, we are to believe that such feeble forces are somehow a match for the world's superpowers, somehow equal to or greater than the evils of Communism. The threat of terrorism is minimal compared to the atrocities of **Communism, which was a real chastisement, not a manufactured one.**

A review of the Twentieth Century should provide a powerful antidote to the manufactured false consciousness (that a chastisement sent by God and led by Russia is imminent) resulting from false news narratives, which are both (the consciousness and the narrative) indicative signs of the times. Such a review should convince thinking people that Russia is being converted, that the world has just passed through a horrendous chastisement of unprecedented and colossal proportion as a punishment for its sins. **The chastisement foretold by Our Lady at Fatima is rapidly becoming a thing of the past – it is *not* a future event.** Russia is no longer a Communist nation, and is swiftly becoming a Christian one:

According to past Prime Minister [Dimitri Medvedev](#)

“The continual work of the Russian Orthodox Church will effect the revival of Christianity in our nation. Thanks to the Orthodox faith Russian culture through the years has acquired Biblical values on which the system of moral ideals for our nation is built”

“When we celebrated the millennial anniversary of the Baptism of Russia twenty years ago it was the beginning of churches being rebuilt and the restoration of the integrity of the Orthodox Church”.

Proof of a 20th Century Chastisement: A Review of Some of the

Atrocities Committed in the name of Communism in the 20th Century

The first and most obvious indicator of a divine chastisement inflicted by God in the twentieth century was the global conflagration caused by two world wars, wars that were a “punishment for sin”. Thus, [Our Lady told Sister Lucia](#) prior to the outbreak of World War II:

*“When you see a night illumined by an unknown light, know that this is the great sign given you by God that **He is about to punish the world for its crimes**, by means of war, famine, and persecutions of the Church and of the Holy Father.”*

And who would be the instrument of God’s chastisement, Russia. Thus, Our Lady in order to mitigate or prevent the chastisement told Sister Lucia:

“To prevent this, I shall come to ask for the Consecration of Russia to My Immaculate Heart”, and that if this request were fulfilled, Russia would be converted and a period of peace given to the world.

However, she said, if my requests are unheeded,

“Russia will spread its errors throughout the world, raising up wars and persecutions of the Church. The good will be martyred, the Holy Father will have much to suffer and various nations will be annihilated.”

Since Our Lady’s requests went unheeded, **Russia became the instrument of God’s vindictive justice**: causing wars, martyrdom of the good, persecution of the Church, the Holy Father and the annihilation of nations. The [list of war death and casualties](#) is astounding: Over 90,000,000 dead!

SOURCE: [National World War II Museum](#)

*Worldwide casualty estimates vary widely in several sources. The number of civilian deaths in China alone might well be more than 50,000,000.

In addition to deaths attributed to World War II, the chastisement of Communism included the spread of atheistic errors and the death by martyrdom (or social ostracism) for

those who openly resisted, especially of Christians and those harboring religious ideas contrary to the Revolution, as [Vladimir Lenin gloated](#):

“Every religious idea, every idea of God, even flirting with the idea of God, is unutterable vileness,” and must therefore be combatted.”

Josef Stalin emulated his predecessor Vladimir Lenin and made Lenin’s malicious boast his own:

*“[We are...the real revolutionaries](#)—we are going to tear the whole thing down! We shall destroy and smash everything, ha-ha-ha, with the result that everything will be smashed to smithereens and fly off in all directions, and nothing will remain standing! Yes, we are going to destroy everything, and **on the ruins we will build our temple!**...The ultimate truth lies in communism, which must now be brought into existence...And don’t talk to me. It is better for you if you don’t talk, for I shall attack mercilessly anyone who smells of counter-revolution. Against the counter revolutionaries, whoever they are, I shall employ Comrade Uritsky, ha-ha-ha. Do you know him? It will be better for you, I think if you don’t make his acquaintance”.*

As a student of [Karl Marx](#) and a disciple of Lenin, Stalin identified religion and especially Christianity as the enemy of violent revolutionary progress. He therefore viciously attacked the Church and anything that smacked of counter-revolution. In an attempt to eradicate Christianity and prepare the foundations for a new temple (the Temple of Anti-Christ), he was responsible for the death of over 20,000,000 people in his own country alone. He is aptly referred to by many as the most evil man in human history and consequently appears on virtually every iniquitous list, such as the following, which contains the ten most evil men of all time. Of these ten, **five lived in twentieth century.**

This corps of iniquitous reprobates instituted and led a global slaughter of religion and a cultural pogrom the results of which are still reverberating today. Nearly every atrocity conceivable to the human mind was perpetrated in the name of Communism or supposed anti-Communist Liberalism and in unprecedented numbers including:

- Cruel death by production and dissemination of deadly diseases."Historian Sheldon H. Harris of California State University estimates that [more than 200,000 Chinese were killed in germ warfare experiments](#) (and millions in other ways), while many others died in related blights."
- Premeditated murder of Polish men, women and children by Hans Frank, the "[Butcher of Poland.](#)" "It was under his rule that millions of lives were taken... Frank boasted that if "a poster was made for every seven Poles I shot, the forests of Poland would not be sufficient to manufacture the paper."
- [Obscene sexual abuse and torture committed by order of SS Special Commando Oskar Dirlewanger](#) "one of the most depraved persons to wear a Nazi uniform... He was an alcoholic and drug addict, a child molester, and a man prone to severe violence... His preferred method of mass execution was to herd the local population inside a barn, set it on fire, and then shoot anyone who tried to escape with machine guns. Dirlewanger is estimated to have killed at least 30,000 people during his Belarus tour alone."
- The intensive fire bombing of civilians in Cologne, Hamburg, Berlin, and most controversially, of [Dresden](#), but also including 500,000 deaths and the displacement of five million additional civilians in the Pacific

region. "The most infamous of these raids happened from March 9 to 10, when raids over Tokyo killed an estimated 100,000 civilians, marking it the most deadly single assault on civilians during the Second World War."

- [Rape of Nanking](#) – an evil debauching of 200,000 to 300,000 Chinese soldiers and civilians including the rape of 20,000 women.
- Experimentation on living human subjects by [Nazi sadists such as Josef Mengele](#) who collected the eyes of his murdered victims." He conducted a wide spectrum resulting in the death of many of his "test subjects" . Others who did not die were "murdered in order to facilitate post-mortem examination".
- Inhuman elimination of tens of thousands of Yugoslav citizens (men, women and children) and deportation of myriads more to invidious death camps by Italian fascist General Mario Roatta, nicknamed "[the black beast](#)" by his own men.
- Brutal termination of over a million Jews in the death camps of Auschwitz, Treblink , Sobibor, Belzec, and Majdanek ([The 14 Most Loathsome Figures of World War II](#))

The above bullet points are but a mere trifle compared to additional lethal atrocities unleashed during the twentieth century. Others include the harvest of tears resulting in over [4,000,000 deaths by starvation of Catholic peasants in the Ukraine](#) while their crops were looted to feed the urban populations of Russia.

"Families who did not flee were often rounded up and sent to the Gulag. To prevent people from leaving the farms or escaping, roadblocks were set up by armed soldiers and police...It was not uncommon for entire villages to be littered with corpses laying in the streets, and [witnesses recall](#) seeing dogs gnawing on lifeless limbs. Some people were tortured by hunger and resorted to cannibalism, either by exhuming buried victims or kidnapping children."

By the end of 1930 over [50,000 Orthodox, Catholic and Protestant churches were desecrated](#) and destroyed in the Soviet Union **alone**. This campaign against religion spread to Poland, Hungary, Slovakia, China, Vietnam, Cambodia, Mexico, Ukraine, Lithuania Nicaragua and beyond – each nation sadly possessing their own archive of atrocities against the Church, against the Eucharist; priests, nuns, religious and faithful laity who were eliminated *not* by thousands or by tens of thousands but by millions and tens of millions. In all these places, as in Russia, priests and other members of religious clergy were executed and often brutally tortured.

[Alexander Zinoviev, who headed the Communist Party in Petrograd](#) during the early years of the Revolution boasted:

*“We must carry along with us 90 of the 100 million of Soviet Russia’s inhabitants. As for the rest, we have nothing to say to them. **They must be annihilated.**” And they were, often at the hands of the Cheka, the secret police formed by the early Communists and who, in the chaos following the Revolution, behaved with lawless abandon.”*

The communist purge spread well beyond Russia to such [remote places as Mongolia](#).

“By the time Mongolia’s terror ended in the mid-1950s after periodic spasms of bloodshed, as many as 100,000 people had been executed a heavy toll in a country that even today has only 2.4 million citizens.”

Dr. Genden Tserendulam has collected names of 28,185 persons killed in 1937-39 alone. Some 17,000 were Buddhist clergy, whose influence the communists feared.” These crimes spread to China and resulted in the purge of over 50,00,000 Chinese

caught up in the “Cultural War” unleashed by Chairman Mao Tse Tung, who vies with Russia’s Stalin as the “Deadliest Leader of all Time.”

<https://youtu.be/q7iDZnkn1xo>

This above video of the 20th century under communism is so perverse as to require nothing but the mention of equally heinous crimes of communism, crimes committed by [Pol Pot in Cambodia](#), atrocities in Vietnam (where the total death toll on all fronts of the war from 1959 to 1975 is estimated to be [approximately 3-4 million](#)) and throughout the Third World in Africa with special mention of Rwanda and the Soviet sponsored African National Conference (ANC):

Pol Pot governed Cambodia from 1975 to 1979. His regime was responsible for an estimated [1.5 to 2 million Cambodians who died of starvation](#), execution, disease or overwork. One detention center, S-21, was so notorious that only seven of the roughly 20,000 people imprisoned there are known to have survived. In Africa

[“The crimes committed by the ANC in the name of liberation are legion. First, there was the practice of “necklacing,” in which a gasoline-filled tire is placed around the neck of a victim and set ablaze – an action carried out by Winnie Mandela and her minions. Another horror was the “Church Street Massacre,” in which Nelson Mandela approved of a bomb set to explode at rush hour to maximize casualties of Afrikaner women, children and babies.”](#)

Through the work of the Truth and Reconciliation Commission, the gulags of northern Angola...the ANC has admitted that torture and “staggering brutality” were committed at their

Angolan re-education camps in the 1980s and “could have caused prisoner deaths.” In an internal report, the ANC documented 17 eyewitness accounts of detainees who survived the camps.”

“The ANC routinely violated its own code of conduct with physical and psychological torture,” said the report. One detainee has written a book about the camps, which he referred to as “a scene from [the film] ‘Spartacus.’”

The Virgin Mary said that the errors of communism would spread throughout the world, no continent was spared! Thus, communist atrocities and tentacles reached into Latin America where the CIA was complicit in crimes against humanity in the name of anti-Communism as were the communists in the name of Communism.

[“The Association for Responsible Dissent](#) estimates that by 1987, 6 million people had died as a result of CIA covert operations. (2) Former State Department official William Blum correctly calls this an “American Holocaust.”

Perhaps the best known CIA setback in the war against communism was the [Bay of Pigs](#):

“The CIA sends 1,500 Cuban exiles to invade Castro’s Cuba. But “Operation Mongoose” fails, due to poor planning, security and backing. The planners had imagined that the invasion will spark a popular uprising against Castro -- which never happens. A promised American air strike also never occurs. This is the CIA’s first public setback, causing President Kennedy to fire CIA Director Allen Dulles.

All in all the death toll from Communism in the 20th century is staggering. According to [Stéphane Courtois](#) author of *“[The](#)*

[Black Book of Communism: Crimes, Terror, Repression](#)” over 94,000,000 people died at the hands of communists not to mention the greater number that were imprisoned and others who were tortured but lived to tell the story. In the introduction to this book, Courtois stated that “[Communist regimes](#)... turned mass crime into a full-blown system of government.” He wrote that Communist regimes are responsible for a greater number of deaths than any other political ideal or movement. The following are non-inflated estimates that represent the number civilians killed or starved to death Communist governments since 1918. **These numbers do not include the war dead listed above.** TOTAL: Civilian Deaths due to Communist Chastisement: **149,469,610.**

If Russia is to be the cause of a *future* chastisement, how in heaven's name do we understand that which the world just went through?

Communism also spread to Western Europe and even into America as its economic and philosophical principles slowly ascended into the once hallowed halls of American and European universities where the errors of liberalism are regent today. Communism did not limit itself to political repression; it also employed increasingly sophisticated psychological warfare which greatly enhanced efforts to dehumanize human beings. Humans were to be reduced to and treated as animals motivated and controlled by biological reflexes paired with associated ideas planted in the mind using advanced psychological weapons employing light and sound waves in multi-media production. Employing the media as the basis for psychological warfare entered its infancy during the reign of Lenin; today it has reached heights that even he would not have dreamed possible (see video below).

Fortunately, Communism is being defeated thanks to a supernatural tidal wave unleashed by the [Consecration of Russia by Pope John Paul II on March 25, 1984](#). Today Gorbachev is a fossil, [liberalism is in decline](#), the Communist Chastisement has been ended and Russia, the scourge of humanity is being converted as we head step by step to an Era of Peace.

The writing is on the wall as Poland and Russia accompanied by the Slavic nations of Eastern Europe and [an increasing array of populist parties committed to family and traditional values continue to spread across Europe](#) to the chagrin of globalists

who are being outplayed by the Mother of God.

[POLAND WAS A COMMUNIST COUNTRY, BUT THEY HAVE JUST CROWNED JESUS CHRIST AS THEIR KING](#)

Is That not Conversion – Profound Conversion?

The consecration was repeated in churches throughout Poland. The people united under the leadership of the Polish episcopate, statesmen and military leaders raised their voices:

“Immortal King of Ages Lord Jesus Christ, we Poles stand before you to acknowledge your reign, surrender to your law, and entrust our homeland and the whole nation to you.”

“Humbly bowing our heads before you, King of the Universe, we acknowledge your dominion over the Polish nation, those living in the homeland and throughout the world. Wishing to worship the majesty of Thy power and glory, with great faith and love, we cry out: Rule us, Christ!”

Prior to this Pope John Paul cried out:

“The hour has come when the message of Divine Mercy is able to fill hearts with hope and to become the spark of a new civilization: the civilization of love. –POPE JOHN PAUL II, Homily, August 18th, 2002

The [Message of Divine Mercy is intimately linked with the Message of Fatima](#) and the promised Era of Peace. Jesus Himself told Saint Faustina:

“Mankind will not have ‘peace’ until it turns with trust to My mercy.”

He told her to:

“Speak to the world about My mercy; let all mankind recognize My unfathomable mercy. It is a sign for the end times; after it will come the day of justice. ... You will prepare the world for My final coming (Diary, 848 and 429).

He also told Faustina, that the spark for the Hour of Mercy precipitating the Era of Peace, both conterminous and ancillary to His “final coming”, [the spark He said would come forth from Poland](#). It has!

Yes, the world is a mess, yes here is a great amount of work to be done, yes the stench of Communist errors are enveloping the atmosphere, but the curse of communism has been abated, these forces are weakening, signs of the promised triumph are all around, but they are **not being reported**. [Newera News](#), however, is committed to high quality news, to the truth about the [Virgin Mary](#), about the [Hour of Mercy](#) and the Triumph of Her Immaculate Heart, please take time and review some of the many news stories we have published during the past year.

CONCLUSION: If Russia is to be the cause of a future chastisement, what in Heaven’s name do we call that which the world just went through? Russia is no longer implementing, supporting or disseminating all the errors and horrors examined above. Instead, they are [supporting life](#), [fighting abortion](#), [building churches](#), [putting Christian prayer in public schools](#), [requiring teachers to take theology and ethics courses](#), [fighting liberalism](#), and [protecting Christians around the globe](#). As Our Lady promised: Communism has been defeated in Russia – the 20th

Why is Russia Being Converted? Triumph of the Immaculate Heart Part I

[\(New Era World News\)](#)

THE WORLD AND THE CHURCH have both lived through and barely survived

a calamitous twentieth century, a century often referred to as “A Century of Martyrs”, a century in which the Church experienced the largest and most heinous onslaught in the history of humanity, a century characterized by world wars, apostasy, persecution of the good, and global chastisement as foretold by Our Lady of Fatima. [Father John Hardon](#) lamented the colossal blood-soaked global chastisement of the 20th century:

“On the bloody side, our century has had more Christians who were martyred for Christ than in all the centuries from Calvary to nineteen hundred included.”

Pope John Paul II also recognized the fury unleashed against the Church in the 20th century:

“In our own century the martyrs have returned...The Church has once again become a Church of martyrs. The persecutions of believers –priests, religious and laity–has caused a great sowing of martyrdom in different parts of the world” ([Tertio Millennio-Adveniente](#)).

The scope of 20th Century Christian Martyrdom, was so broad that it moved Pope John Paul II to devote more ink to the topic than any other pope in human history:

“Never in the history of the papacy has any Bishop of Rome written at greater length about martyrdom than Pope John Paul II.”

Fortunately, this century, this abominable century, has ended, but few seem to have taken notice of the global improvement; they are too focused on the sea of evils that the media place before them on a daily basis in order to perpetrate a nefarious deception, a deception intended to keep them from knowing the truth, keep them from realizing that Communism is dying, Russia is being converted and that we are headed for an “Era of Peace” as promised by the Mother of God at Fatima. The media is engaged in a collusion of silence and a distortion of the truth about Russia. Russia’s ongoing conversion must be distorted because it is related to the consecration of the world to

the Immaculate Heart of Mary by Pope John Paul II and the subsequent Triumph promised by the Virgin Mary at Fatima.

When Sister Lucia asked Our Lord why the Holy Father had to consecrate Russia to the Immaculate Heart, why He, as King of Kings and High Priest, could not forego the papal consecration and convert Russia without the input of a pope? Jesus responded that it is [His will that His entire Church attribute the conversion of Russia to His Mother's Immaculate Heart](#) so that the Church would thereafter raise devotion to Her Immaculate Heart next to devotion to His Sacred Heart. In His own words, Jesus told Lucia:

["I want My whole Church to acknowledge that consecration \(of Russia\) as a triumph of the Immaculate Heart of Mary, so that it may extend its cult later on, and put this devotion beside the devotion to My Sacred Heart."](#)

Jesus, in obedience to the fourth commandment, wants His Mother honored – He wants her honored because He loves her. It is she who gave Him His Body, the Body that died and rose from the dead, the Body that is the Temple of the Holy Spirit and the New Israel, the Church. Thus, as Mother of His Body; she is the Mother of all the faithful, who in accordance with scripture, shall call her blessed forever. Since *all* prophetic scriptures are to be fulfilled, "*all* generations" (even this perverse generation), will call her blessed ([Luke 1:48](#)). To help assure the fulfillment of Luke 1:48 in this generation, Jesus wished to stress the intimate connection linking the conversion of Russia to the Immaculate Heart. He wants His entire Church to recognize that the conversion of Russia is the direct result of the consecration to her Heart, thereby motivating the Church to elevate devotion to this Heart by placing it along side of His own.

Because the Consecration of Russia is associated with the victory of Mary's Immaculate Heart and Russia's conversion as foretold at Fatima, because of this, Russia must be vilified, the truth about its conversion must be distorted and twisted to hide the fact that Russia, rather than helping advance global liberalism, is in fact now opposing

the hegemony of the globalists. RUSSIA'S CONVERSION, THE PAPAL CONSECRATION, AND THE **VICTORY OF THE IMMACULATE HEART** ARE INTIMATELY CONNECTED; therefore, all hell is opposed to the truth about the papal consecration and subsequent events that are occurring in Russia. In this regard, renowned media professor [Marshall McLuhan](#) wrote:

"The modern media are engaged in Luciferian conspiracy against the truth."

Lucifer is at perpetual war with the Virgin Mary ([Gen 3:15](#); [Rev 12:13-15](#)). It thus behooves him to sequester, camouflage, pervert and disguise knowledge about Russia's conversion, to dissociate that country's conversion from the Immaculate Heart. His cohorts therefore distort information about the consecration and about change underway in Russia and throughout the world, change that clearly indicates that the triumph she promised is occurring. Her triumph and the promised conversion of Russia must be kept hidden from all the world. The legions of hell and their adepts are ceaselessly working through such clandestine apparatus as fake news, staged political events, false apparitions and diabolical chicanery to obfuscate and confuse all mankind in order to railroad or steal the promised Era of Peace. Father [John Hardon](#) elucidating McLuhan's meaning stated:

"Millions of words are published every day and heard over the radio and television. Consciously and deliberately, much of this written and spoken communication is not true. It is estimated that ninety percent of the books borrowed from American libraries are fiction. Whole nations are living in a dream world created by the media, and the dreams are scientifically calculated to keep the human mind from contact with reality."

Father Hardon wrote the above before the turn of the last century, what would he say today? If the diablerie of the past century are allowed to slip from memory, it is easy to fall prey to the deceptive propaganda coming forth from legions intent on spreading their confusing message, intent on keeping men and women oblivious to what is really going on. These legions, capitalizing on manufactured

ignorance and historical amnesia, would have everyone believe that Russia is still a furtive communist nemesis playing possum, a feigned sleep from which it will awake to devour the world in an onslaught of evil militarism. In the near future, Russia will be at the forefront of a colossal chastisement, which, they would have us believe, is looming on the horizon. Media allies in the Catholic Press and supposed advocates of Fatima are seemingly working hand in hand with the purveyors of “fake news” to advance the theme of [an heretical pope](#) and a [great chastisement led by Russia](#) and the monster Vladimir Putin; they are doing this to misrepresent and steal the Era of Peace and advance their long planned eschatological scenario in its stead. But, no matter how hard they try, they cannot alter the historical facts; they cannot pawn off past events as future events.

In truth, we have just lived through a chastisement led by Russia, a chastisement unparalleled in the annals of human history, a chastisement that has abated with the [Consecration of the World to the Immaculate Heart of Mary by Pope John Paul II](#) (March 25, 1984). In truth, in the wake of this consecration, we are rapidly heading toward an Era of Peace. We are heading toward an Era of Peace, but the doomsayers are still focusing on chastisement despite the fact that we just lived through a hundred years of living hell, a hell which they would like us to forget so that they can advance their idea that a [false pope](#) (if you follow this or any of the following links please exercise caution, the articles are loaded with distortions – see if you can find some of them) and accompanying [chastisement are imminent](#). These so-called pundits claim that [a false-church is rising around Pope Francis](#), when in fact, they themselves, are most likely the false church, the false church that they surreptitiously warn everyone against – the accuser is usually a crafty liar, a liar guilty of the things he falsely accuses others of ([Rev 12:10](#); [John 8:44](#)).

Pope John Paul II, a pope who knew Mary’s promise was contingent upon the consecration of the world to the Immaculate Heart of Mary, this pope of the 20th century did NOT think that a chastisement was imminent. Rather, filled with a deep understanding and experience of the horrors of the bygone 20th century, this pope consecrated the World

to Mary's Immaculate Heart as she had requested and afterward stated:

“After purification through trial and suffering (inflicted by atheistic communism), the dawn of a new era is about to break. (POPE ST. JOHN PAUL II, General Audience, September 10, 2003).

In other words, the world had already passed through the chastisement spoken of by Our Lady at Fatima. As a Son of Poland, Saint John Paul had imbibed the words of his mentor [Cardinal Stefan Wyszynski](#) who often told him:

“Victory when it comes, will be a victory of the Most Blessed Mother”.

Like Wyszynski, Wojtyla had suffered through the pogrom, the great chastisement of Communism linked to the 20th century. He lived to see the [Red Flag come down from the Kremlin](#), he lived to see the rebirth of Christianity in Poland (video below) and in Russia as well, he lived to see the beginnings of a rebirth that foreshadows the Triumph of Mary's Immaculate Heart, a rebirth associated with [the conversion of Russia and the defeat of liberalism that is underway worldwide](#). This is a rebirth that the global media is straining all its might to suppress. A chastisement is **not** imminent; the chastisement foretold at Fatima has already been lived through; it has ended as Our Lady promised with the consecration of Russia. The horrors we are currently witnessing are the frantic outcries of the dying breath of liberalism, a mad dog penned up against the wall and frothing at its mouth – angry and dangerous, but nearing defeat.

[POLAND WAS A COMMUNIST COUNTRY BUT THEY JUST CROWNED CHRIST AS THEIR KING:](#)

The consecration was repeated in churches throughout Poland. The people united under the leadership of the Polish episcopate, statesmen and military raised their voices :

“Immortal King of Ages Lord Jesus Christ, we Poles stand before you to acknowledge your reign, surrender to your law, and entrust our homeland and the whole nation to you.”

“Humbly bowing our heads before you, King of the Universe, we acknowledge your dominion over the Polish nation, those living in the homeland and throughout the world. Wishing to worship the majesty of Thy power and glory, with great faith and love, we cry out: Rule us, Christ!”

Instead of celebrating this manifest victory over communism and the return of [Russia to its Christian roots](#), the global press is trying to divide classes and races, trying to create conflict in (1) hopes of advancing their dying dream of one world liberal culture, (2) to hide the truth about Russia and (3) to hinder reconciliation and cooperation resulting in peace; when men and women stop fighting each other and join hands, there is greater likelihood that they will realize who the enemy really is.

Karl Marx and a generation of social scientists trained in the [conflict school of social progress](#) are masters of divisive politics, masters of confusion, masters of creating a smoke screen for their paymasters to hide behind while advancing their pernicious global agenda. Thus, hired press agents have the world focused on manufactured protests between liberals and conservatives, on divisive racial imbroglios and the evils of terrorism while their overlords endeavor to advance a *now* failing game plan, a plan that includes at times real, but often manufactured, conflict to advance their agenda and to make it appear as if all hell is breaking loose and a chastisement is imminent, when in fact a chastisement has just ended and its remnants are fading while its purveyors spend billions to try and keep their plan of global conquest afloat. Liberalism is

falling apart, Christianity is being reborn in Russia and around the globe, but we must believe that a chastisement lies in front of us. Because Russia and Putin have become a threat to liberal globalism, they must be portrayed as a growing menace. The truth is Russia is becoming Christian and opposing the liberal world agenda but we must believe that they are part of a plan to control the world devised by those who actually imposing a dehumanizing global hegemony.

The conflict currently underway, the conflict daily portrayed in the media, is best understood as the beating back of the still significant forces of liberalism, forces that are straining to unleash all their fury in hopes of holding onto a world rapidly fading from their grip, but we are to believe that they are signs of a looming great chastisement, when in fact the chastisement is behind us.

Whole nations were annihilated by communist armies and we are to believe that liberal "snow flakes" blocking traffic are somehow a great threat? They are a threat, but a manageable threat, a threat that backfires and raises ire against them with their every epicene performance. The 20th century was plagued by two World Wars followed by other atrocious wars fought all over the globe, wars accompanied by gruesome tortures, death camps and gulags where priests and nuns were brutalized along with innocent women and children, churches desecrated by the tens of thousands, nuclear holocaust at the door and we are to think that a cohort of paid for terrorists, poverty stricken men without a country, men driving jeeps paid for by American and Saudi dollars equipped with nothing but machine guns and IEDs, we are to believe that such feeble forces are somehow a match for the world's superpowers, somehow equal to or greater than the evils of Communism. The threat of terrorism is minimal compared to the atrocities of **Communism, which was a real chastisement, not a manufactured one.**

A review of the Twentieth Century would be a good anecdote to the manufactured false consciousness resulting from false news narratives,

which are both indicative signs of the times.

Syrian War De Facto Over: Russia Brokering Peace Foretold by Our Lady of Fatima

[\(New Era World News\)](#)

CONFUSING GLOBAL POLITICAL EVENTS, such as those happening in Syria and the Middle East cannot be understood properly without knowledge provided by the Virgin Mary who in 1917 revealed a future global Era of Peace, an unprecedented peace intimately related, she said, to the “Conversion of Russia”. It is worth repeating: The proper lens through which to understand global events, especially those currently unfolding in Syria and the Middle East, is through a startling Divine Message the Mother of God communicated to three Portuguese children ([July 13, 1917](#)) Jacinta and Francisco Marto (now canonized saints) and Lucia dos Santos while tending their familys’ flocks in the Cova da Iria of Fatima, Portugal. She opened their minds to the future foretelling World War II, the Bolshevik Revolution in Russia, the pandemic scope of communism and its unprecedented cruciation permitted by God as a punishment for the sins and offences of humanity. Nonetheless, as foretold in [Genesis 3:15](#) by the will of the Holy Trinity and united to her Son, she would crush the forces

of evil:

“In the end, My Immaculate Heart will triumph. The Holy Father will consecrate Russia to Me, and she will be converted, and a period of peace will be granted to the world.”

She revealed this startling news in 1917; twelve years later (June 13, 1929) she appeared again, this time solely to the eldest child, Lucia Santos (who had become a Dorthen Nun stationed at Tuy, Spain) and announced the following:

“The moment has come in which God asks the Holy Father, in union with all the bishops of the world, to make the consecration of Russia to my Immaculate Heart, promising to save it by this means” ([Tuy, 1929](#)).

It took another 55 years for the consecration to be made by Pope John Paul II on March 25, 1984. By that time the communists had spread their errors (atheism, materialism, socialism) throughout the world as she had foretold, so much so that the effects are cascading to this day. It will take much effort and a significant amount of time to undo them, but anyone closely observing global events can tell that a change, a significant change, is clearly underway in Russia and around the world. Russia's unexpected conversion is confounding the architects of globalism and their liberal foreign policy initiatives – the entire global system is being thrown off of kilter by what the Russians are doing; no one expected it. The liberal regime had expected Russia to continue down the New Age path navigated by Gorbachev and liberal puppet Boris Yeltsin. In short, Russia was expected to be a player on the team advancing liberalism and its relentless anti-Christian global agenda. Instead, to everyone's surprise, Russia has taken an about face and is reasserting its Christian identity.

<https://youtu.be/XfSPg0-4uJA>

Liberal ideologues monopolizing power in both the United States and among NATO nations have identified Russia as the major political/military threat standing in opposition to their plans for global hegemony. In the past, the aggression was due to Russia's Atheistic Communism; today it is due to the country's commitment to family and traditional Christian values that are under vicious attack in the West. Therefore, intolerant liberal-minded globalists have undertaken an all-points crusade to vilify Russia and its leader Vladimir Putin. When these global hegemon engineers engineered a coup in the Ukraine against a democratically elected government, when they undertook support of Islamic terrorists killing Christians in Syria following on the heels of their annihilation of Libya and destruction of Iraq, the Russians stood up and said "enough"; they began to fight back. From the moment the Russians became involved in Syria, the war took an abrupt turn against the globalists and their paid for terrorist forces. Al Qaeda, Daesh *et al* supposed enemies whom the Americans and their numerous allies could not tame after five long years of war, were subdued by the Russians in a few months. Was America really fighting the terrorists?

As a consequence of Russia's decisive involvement, the six year war and propaganda effort waged by the United States and allied nations has failed; the war in Syria is basically over. Very few people, however, are aware of the momentous event and its consequences. The vastly publicized Syrian War (an event that was lavishly splashed across front pages of Western newspaper, magazines, periodicals, journals and web portals) has all of a sudden fallen into oblivion. President Bashar al Assad, the Syrian War, Al Qaeda were front page news items that have conspicuously faded into the past. They have faded without mention because, as things currently stand, the United States has in fact lost the war in Syria. Behind it all, to

everyone's surprise, stand Russia and Vladimir Putin. Russia is not only being converted as foretold by the Virgin Mary, Russia is emerging as the world's new peace broker helping to bring about the Era of Peace she promised at Fatima.

To confirm this remarkable turnaround in Russia (its conversion), [Pope Francis recently signed a joint declaration with Russian Patriarch Kirill](#), Primate of the Russian Orthodox Church. The joint-declaration reads.

"In affirming the foremost value of religious freedom, we give thanks to God for the current [unprecedented renewal of the Christian faith in Russia](#), as well as in many other countries of Eastern Europe, formerly dominated for decades by atheist regimes. Today, the chains of militant atheism have been broken and in many places Christians can now freely confess their faith."

Years earlier, the idea of a newly converting Russia becoming a bastion of Christianity and the defender of Christians in the Middle East (and around the globe) materialized in another meeting between President Putin and a group of religious leaders led by Metropolitan Hilarion, Chief of Foreign Relations for the Russian Orthodox Church. [The Metropolitan expressed hope that Russia's government would stand up for persecuted Christian communities abroad.](#)

In reply, President Putin promised

"It would be one of the tasks of Russia's foreign policy to defend Christians in other countries who are persecuted for their faith."

When prodded, he added these specific words:

["You needn't have any doubt that that's the way it will be."](#)

It is clear why Neocons and liberals have had such a disdain for Vladimir Putin. Instead of reading the signs of the times and appropriately adjusting their international agenda, American foreign policy is in disarray – nothing seems to be working for its dismayed engineers. It seemed as if Donald Trump understood the importance of working with Russia toward world peace during his candidacy. At that time, he perceptively stated, *“It’s time to put the mistakes of the past behind us and chart a new course.”*

“It is now time for a new approach. Our current strategy of nation-building and regime change have been a total disaster – Instead, all we got from Iraq and our ventures in the Middle East, was death, destruction and tremendous financial loss. But it’s time to put the mistakes of the past behind us and chart a new course...If I become president, the era of nation-building will be brought to a swift close” ([CNN Transcripts](#))

“Our new approach must be to halt the spread of radical Islam...All actions should be oriented around this goal and any country which shares this goal (presumably Russia) will be our ally. We cannot always choose our friends but we can never fail to recognize our enemies.”

Unfortunately, due to the pride of Neocons in his administration (men and women who are still attempting to make this an American Century under America’s Global dominance), unfortunately, President Trump is not acting on his earlier insights. Rather than Neocons crafting a *Pax Americana*, America has instead become the exporter of war and terrorism worldwide. Because of its insistence on war, covert operations, and support of terrorist groups around the globe, the [Project for a New American Century](#) is defunct, very few people desire war and liberalism’s vaunted tolerance and free market finance (both under the guise of liberty) has become so

aberrant that people are waking up to the challenges of *liberal* democracy; they don't like it – *authentic* democracy (truly for the people) is preferable. Few people like a nation led by bullies and selfish warlords who involve its fighting men and women in action all across the globe from Nigeria, to Iraq, Afghanistan, Syria, Yemen and beyond to the South Pacific – no place is free of the threat of American weapons.

The United States must learn to be a peacemaker, leading by diplomacy and showing the world how to beat swords into plough shares. Instead, **US military spending is more than that of all the countries in the world combined.** NATO alone spends ten times more on military than the entire Russian Federation – so who is the military aggressor, who is the war-monger? Putin recently challenged the West to publish a map of all of its bases around the world and compare them to Russian bases – such a map, he said, would more clearly show who the aggressor is:

[“I invite you to publish the world map in your newspaper and to mark all the US military bases on it. You will see the difference” \(Vladimir Putin\)](#)

Putin continued:

“American submarines are on permanent alert off the Norwegian coast; they are equipped with missiles that can reach Moscow in 17 minutes. But we dismantled all of our bases in Cuba a long time ago, even the non-strategic ones. And you would call us aggressive?”

“You yourself have mentioned NATO's expansion to the east (that is toward the Russian border). As for us, we are not expanding anywhere; it is NATO infrastructure, including military infrastructure, that is moving towards our borders. Is this a manifestation of our aggression?”

“Everything we do is just a response to the threats emerging against us. Besides, what we do is limited in scope and scale, which are, however, sufficient to ensure Russia’s security. Or did someone expect Russia to disarm unilaterally?”

MAPS OF US BASES AROUND THE WORLD

Looking at the maps below, it seems that Mr. Putin has a valid point, a point that neoliberals want to ignore:

Graphic by 5W Infographics

It is not the Russians who are demonizing the West, we do a good job of that all by ourselves; it is the West that is demonizing Russia. It seems that [Russia and the West have switched roles](#). Hopefully, under President Trump, the United States and Russia will be reconciled and cooperate to protect Christians and advance world peace – things the neoliberals and neocons fear more than anything else, consequently, Putin must be a demon.

Global Expansion of U.S. Military Involvement

Anyone with eyes can see who is threatening whom. Russia is virtually surrounded except for the frigid North Pole, and even there the US has nuclear submarines that can target and hit Moscow in 17 minutes. Now, the United States is deploying 4,000 more troops to Afghanistan and President Trump is threatening more war (see below).

RUSSIA WANTS WAR

look how close they put their country to our military bases

If we need further proof of Russia's aggression, we need only consider how bold the Russians are: How dare they move their country so close to our military bases! Seriously, Russia seems to be doing its part, will the United States do its? It does not appear to be doing so, at least not yet. Will it require international embarrassment to move the United States in the right direction, to move it toward its Christian roots, to take its role as a peacemaker among nations rather than a war monger?

Unfortunately, the new president is not following his campaign promise to cooperate with Russia; unfortunately, he is letting Neocons and misguided (but well intentioned) Nationalists determine his foreign policy. As a result, the United States is about to suffer a major foreign policy embarrassment in Syria (or elsewhere), which will soon be followed by others if it does not change its course of action, if it does not seek peace and global cooperation, if it does not stop spreading a defective liberal agenda worldwide.

As Newera stated as far back as ([February, 2017](#))

“If the new president continued with the foreign policy of the Bush and Obama administrations (as he appears to be doing), if he pursued the same path as his predecessors ([a path favored by Neocon War Hawks and Liberal Globalists](#)), American Foreign Policy would continue its downward slide and America would continue suffering one foreign policy embarrassment after another while earning the ire of other nations around the globe.”

Although President Trump has piqued the world's interests with his statement implying some type of decisive American military action in the near future, he should think twice; he would do well to carefully review America's recent failures in Iraq and Syria as well as what is now looking to be failures in Libya and Ukraine as well. He should seriously review the (unforeseen) consequences of any further military action in a world that is growing increasingly tired of war and increasingly hungry for cooperation and peace, a world where American foreign policy initiatives are increasingly on the FAIL as is NOW most evident in Syria and with America's long-term ally, Saudi Arabia, which is giving evidence of changing sides.

What is Happening in Syria?

The biggest authentic news coming out of Syria is that Russia, not the United States, is emerging as the regional peace keeper. Following the fall of Aleppo in December 2016 to the Russian assisted Syrian army of Bashar al Assad, US leadership in the region has steadily declined. Vladimir Putin recently spearheaded a peace initiative hosted multiple times by the President of Kazakhstan in the Kazakh city of Astana ([new era news](#)). The meetings have resulted in a combined peace keeping

force consisting of Russia, Iranian, and Turkish forces. These combined forces are actively assisting Syrian forces *against* American backed terrorists disguised as “freedom fighters”, freedom fighters intent on toppling Assad and inserting a government more amenable to Saudi, American and Western economic and political interests. Since implementation of the Astana peace initiatives, American backed terrorists have been defeated in city after city and the United States has *quietly* and increasingly disengaged from the Syrian arena thereby leaving a political and military vacuum increasingly filled by Russians.

Not only has Russia emerged as the decisive factor in Syria, in the process Russia has also strengthened ties to Iran, China and Iraq as well as with US allies, Turkey and Saudi Arabia both who have changed their position on Assad; they have adopted the Russian position that his fate must be decided by the Syrian people and not by American or NATO desires to simply depose him by force. Russian success and failed US policy in Syria has pushed long-standing allies into Putin’s camp partially due to the facts that Putin shoots straight, disavows the prospect of nation building and has consistently respected and abided by International Law including the recognition of the sovereign rights of every nation to decide their own futures.

“We never play a double game with anyone. It is this and not our military potential that attracts our partners.” Oct 9, 2017

Due to their relentless drive for global power, the American hegemony has unwittingly catapulted the Russians into power; they have used economic inducements, political persuasion and military power to impose their liberal economic, social, and political agenda on a war weary world contrary to the cultural values, beliefs and protestations of weaker nations – they

have rode roughshod over them. They fail to see that the age of colonial imperialism is rapidly coming to an end.

At this point of history, it is Russia, *not* the United States, that is standing for the sovereign rights of individual nations, including the right to decide their own futures; thereby making them the champions of human rights and freedom. This is a role America should be playing, but the liberal hegemons, in the name of tolerance, are intolerantly foisting their myopic global vision on a world increasingly tired of their liberalism. Recent events manifest this shifting of global power. Due to Russia's involvement in Syria, the United States has *de facto* lost; the war is basically over. Thus, according to the [Washington Times](#):

"The fate of [Syria](#) in the wake of the country's devastating six-year civil war will be dictated in Moscow, not Washington, reaffirming President Bashar Assad's regime's hold on power, the chair of the Senate Foreign Relations committee said Friday."

According to the [International Business Times](#):

"Assad's sponsor, Russia has ... emerged as the international leader in exploring a political solution to the conflict" (peace).

That this is true is no more manifest than this past week's historic visit of Saudi King *Salman bin Abdulaziz al Saud* to Moscow for a visit with President Putin, the first ever by a Saudi king. [According to Putin](#),

"This is the first visit of the King of Saudi Arabia to Russia in the history of our relations, which in itself is a very significant event. Our relations have a fairly lengthy history."

To underscore the importance of this meeting it helps to realize that **Russia and Saudi Arabia have been hostile enemies**. In the past, Salman teamed up with the United States to support the mujahideen fighting against Soviet forces in Afghanistan during the 1980s. During this time, Saudi Arabia also encouraged by the United States, increased its oil output to drive down prices thereby weakening the Soviet Union whose economy depended heavily upon energy exports. Salman has also proudly taken credit for unleashing terrorist attacks inside Russia itself. Moreover, Saudi Arabia has also supported Al Qaeda and other terrorist forces fighting Assad's Syrian forces who are backed by Russian and Iranian militias. Russia has long been allied with Iran, Saudi Arabia's mortal foe, in opposition to the Saudi-American axis in the Middle East. Saudi Arabia has been America's greatest ally in a life-and death struggle with Iran, Russia's staunch ally.

Thus, Saudi Arabia has been (up to this point) bitterly opposed to Russia's foreign policy. Nonetheless the 81 year old king, who has an aversion for travel abroad, humbled himself to make a trip to Moscow this past week indicating that Riyadh understands the dire need to secure ties with Russia. Now, instead of supporting terrorists against Russia and Syria, Saudi Arabia will begin cooperating with Russia to defeat terrorism according to the Russian script. In short, American led Saudi efforts in Syria, and beyond, are failing. American sponsored Saudi efforts in Yemen are also failing; moreover, American insistence that oil prices remain artificially deflated in order to cripple Russia are bankrupting Saudi Arabia. To exacerbate Saudi woes, Riyadh's arch-nemesis, and Russian ally, Iran has gained power in the region. Iran is collaborating with US ally Iraq; they have teamed up to fight American backed forces in Syria (Iraq is now in the Iranian and Russian camp). [Something similar seems to be happening with Turkey](#), a nation the Saudis could count on in the past to balance Iran – Turkey is [now cooperating with Iran](#) (over the issue of the Kurds) and are also turning

toward Russia and away from NATO. In short, the Saudis are in a panic and realize the need to turn toward Russia, even if it means earning the ire of the United States.

Thus, King Salman has significantly altered his position on the fate of Bashar al Assad; he has dropped the American position and adopted the Russian, viz., Assad will remain in power and it is up to the Syrian people themselves to decide who their next president will be. More specifically, he has adopted the Russian brokered Astana Accord in conjunction with that of the UN Security Council. Leonid Savin, an analyst with the [Center for Geopolitical Expert Studies](#), summed up the diplomatic situation very well:

“Saudi Arabia cannot fail to see the changes that embrace the Middle East and the whole world – a change in the geopolitical conjuncture and behavior of the United States on the world stage.”

Saudi Arabia like Russia, would like to raise the price of oil per barrel. The two are NOW working together and are likely to affect such a change. Saudi Arabia would also like Russia to distance itself from Iran; this they will *not* get. Although the United States will likely remain a vital partner with Saudi Arabia, the Saudis have opened an historic door for broader cooperation, cooperation that is a step in the right direction for peace in the Middle East, although significant steps still remain. Russia seems to be doing its part, will the United States do its? It does not appear to be doing so, at least not yet. Will it take international embarrassment to move the country in the right direction, to move it toward its Christian roots, to take its role as a peacemaker among nations rather than a war monger? Our Lady of Fatima, *ora pro nobis*.

Following Phone Conversation Trump Apparently Pivots on Russian Rapprochement

[New Era World News](#)

OVER THE WEEKEND NEWERA provided an [abstract](#) containing a conclusion and forecast relative to the Intelligence leak, the release of Secretary of [National Security Flynn](#) and the Trump request that Putin [return Crimea to the Ukraine](#).

CONCLUSION: President Trump's actions can be understood as a *practical* rational response to internal pressures arising from the so-called "*deep government*" The real issue here is whether or not Mr. Trump is up to a life and death struggle with the so-called "deep government" to reclaim America for *all* Americans thereby making "America Great Again."

FORECAST: Despite the monumental bulwark known as the "deep government", the United States and Russia will continue down a path of rapprochement but *not* without significant interference, which can be expected from all ends of the political and social-cultural spectrum. Constant, well orchestrated, and confusing series of events can be expected as agents from both the left and right proceed to push confrontation with Russia to a boiling point. Nonetheless, in the long run, the shadow government will fail as it has consistently failed and been out maneuvered in its foreign policy initiatives for the past decade – we have no discernible reason to believe that this chain of events will cease unfolding. The shadow-government is being opposed by more than Mr. Trump. The real question is what will Mr. Trump do? Will he continue down the road of his immediate predecessors, or be bold enough to set America on a new course?

What is Going ON?

The leak of information to the press, the resignation of Secretary Flynn, and the strange request for the return of Crimea to the Ukraine represent a peculiar set of inter-related phenomena germane to American-Russian foreign relations. The return of Crimea is clearly a Russian issue, an issue that appears to engender conflict and create distance between the United States and Russia. Likewise, the intelligence leak and removal of Flynn are also "Russian issues." Of all of Mr. Trump's recent appointees, Flynn was the most adamant about a reset with Russia involving cooperation in the battle against ISIS, the lifting or amendment of sanctions, and an emphasis on the sovereignty of nations.

These three objectives *stand in stark contrast* to the globalist agenda that is being challenged by various nations esp. nation's throughout Europe. This emerging challenge to globalism involves advocacy, protection, and promotion of the sovereign rights of individual nation states, the conservation of diverse cultural patrimonies and the safeguarding of Christians and traditional Christian values *all* of which are supported by Russia and a widening array of "populist parties" spread throughout Europe. They are however, anathema to the EU and American New World Order Globalists who are involved in a decades long process of using foreign aid, the power of multi-media, education, and when necessary, military force, to advance and [export Western culture and liberal values to third world nations](#) thereby promoting a one world culture antithetical to indigenous cultures and traditional family-oriented and Christian values.

Given this clash between the global agenda and the Kremlin, anything or any person favorable to American-Russian cooperation and a cooperative war against terrorism (what [Trump referred to as "bombing the shit out of ISIS"](#), whom the

war-hawks and globalists have supported in their thwarted attempts to overthrow the democratically elected government of Syria) must be opposed and, if possible, neutralized or terminated. Thus, **the ouster of Flynn appears to be a macro-dynamic related to hindering American and Russian relations** as hinted at by Mr.Trump.

In this regard, following Flynn's expulsion, Leonid Slutsky, head of the Russian Duma's (Parliament) foreign-affairs committee, issued a statement, picked-up by [The Washington Post](#).

According to Slutsky, the removal of Flynn represents a "negative signal for normalizing the Russian-American dialogue."

Likewise, Russian Senator Alexi Pushkov echoed Slutsky's evaluation by indicating that the issue is more about Russian relations than it is about Flynn:

["The mission isn't Flynn, it's relations with Russia."](#)

The Trump Team is therefore facing stiff opposition not only from an entrenched bureaucracy but also from die hard members of the intelligence community who still view Russia through the lens of Soviet Communism or of those committed to globalism and who realize that Russia is increasingly becoming a Christian nation-state and purveyor of traditional family values and an avowedly anti-liberal foreign policy. If Trump plans to improve relations with Russia, thereby enhancing Russian economic development, according to the globalists, he must be opposed. The Deep State supporters of global hegemony, those who promote the ideological export of American values to all nations abroad view themselves as patriots who must stop the nefarious Russian Bear whose commitment to national sovereignty and Christianity is a threat to global hegemony and the advancement of the liberal New World agenda. Thus,

the "Deep State" and its operatives in the bureaucracy must stop Russia even if it mean opposing their own president, and even though such opposition is a crime that could be prosecuted as "treason."

Given such an international political battlefield, it is little wonder that President Trump is being opposed and Russia vilified. As the contestants stepped into the arena for the first round, Trump lunged forward with a flurry of punches beginning with a quick jab to Obamacare, an undercut to immigration, and a hay-maker that halted taxpayer dollars from being used to fund "counseling or referrals for abortion or advocating for access to abortion services" in foreign countries. It was the Deep State however, those operating in the shadows of secrecy, that threw the most devastating punch. It appears that Mr. Trump endured a body blow to the gut that doubled him over causing him to regurgitate his National Defense Secretary whom he discharged from office leading many analysts giving the first round to the Deep State and leaving them wondering if Trump could recover from the body thrashing.

Is it possible that Trump was playing "rope a dope" from round one in order to score a bigger victory, perhaps a KO in later rounds? That we do not know, but if the president continues on like this, few doubt that his mouth piece will be out by round two and by the third round he will acquiesce (as others before him) by agreeing to throw the fight and giving way to the demands of the Deep State who will carry him for appearance sake to the fifteenth round of the fourth year, that is, if he plays along as he is supposed to.

By failing to fight back, by failing to protect Flynn, President Trump appears to be dazed, a look that can only increase the ferocity of his opponent, a look that rapidly

unleashes the instinct to close in for the finish.

Nonetheless, some analysts such as Israeli publicist [Avigdor Eskin](#) emphasize that the president can still win IF he sticks to the simple program of delivering on his campaign promises; this

however will entail a ferocious battle, perhaps the most lethal in the annals of American Executive history. If Mr. Trump's hanging the picture of Andrew Jackson across from his desk in the Oval Office is any indicator of his resolve, if it is more than decor, expect the president to launch a coy but surreptitious comeback.

"His only chance to prevail is by forcing his way through in order to win as soon as possible massive support at home and active assistance from his real allies around the world. He must stick to his promises and show uncompetitive faithfulness to his team," Eskin stressed.

Eskin understands that Trump is up against the Deep State, that he must deal with lethal opponents and their agents deeply entrenched in the Washington bureaucracy.

It is unlikely that the president will find enough intellectual and cultural support at home (support beyond the adulation of the masses), a land inundated with liberal values, a place where liberal political, economic, and moral ideas have morphed into ordinary life to be accepted without thought as easily as oxygen in the air is inhaled without any thinking involved. This culture has spread far beyond the Atlantic and Pacific coasts to encompass the globe thereby making the American Deep State and its allies major players

and beneficiaries in the global spread of liberalism. This culture of liberalism has become so pervasive that it has been concretized in every major institution, the very structures of society that [John Paul II](#) was speaking about when he stated:

*“It is important to note therefore that a world which is divided unto blocs, sustained by rigid ideologies, and in which instead of interdependence and solidarity different forms of imperialism hold sway, can only be a world subject to **structures of sin**. The **sum total of the negative factors working against a true awareness of the universal common good**, and the need to further it, gives the impression of creating, in persons and institutions, **an obstacle which is difficult to overcome.**”*

Eventually, Mr. Trump will have to make some moves against terrorists in the Middle East who have been supported overtly or covertly by transfer of aid from one group to another in Syria and Iraq. Eventually the truth will have to be told about American ally Saudi Arabia. It is the Saudis *not* Iranians who are the major sponsor of international terrorism. It is true that Iran supports lonesome Hezbollah; the roots of 9-11, however are traced to Riyadh not Tehran, ISIS-ISIL and Al Qaeda all have their roots on Saudi Arabia, the home of the most radical forms of Islam – Wahhabi and Salafist – a tyrannical monarchy opposed to democracy and upholders of Shariah law.

Eventually these realities will have to be admitted, and the Trump administration will have to deal with the cascading fallout such a revelation and its resounding repercussions will cause among neoliberal and neocon supporters of Saudi Arabia and Israel. It is due to Israel's opposition to Hezbollah and to its cooperation with US ally Saudi Arabia (*albeit* for political expediency) that Iran is vilified in the Western press while Iran's opponent, Saudi Arabia (the home of jihad, Al Queda, and Sunni radicalism in its many forms) is

supporting terrorists throughout the Middle East in order to destabilize governments antithetical to its (and Israel's) interests, which currently also seem to be American interests. The US declared a war on terrorism and then turned around and gave significant tranches of aid to terrorists while simultaneously maintain its alliance with the country that produces them. If President Trump dares to team up with Russia to eradicate terrorism, he will have to face the ire of Israel, Saudi Arabia and the Deep State.

However, if the new president continues the foreign policy of the Bush and Obama administrations (who though very different in ideology waged essentially the same failing strategy of the Middle East), if he continues to pursue the same path as his predecessors (a path favored by the globalists), American Foreign Policy will continue its downward slide and America will continue suffering one international embarrassment after another (as it has for the past decade) while earning the ire of other nations around the globe. President Obama, the Nobel Peace winner, was never able to disengage from war or to defeat ISIS; Trump however, has vowed to obliterate them, *implicitly*, with Russian cooperation. It is this cooperation, above almost all else, that makes him the enemy of the deep establishment.

If Mr. Trump moves too quickly, he will not be able to withstand the tumultuous tsunami that is being gathered for a melancholy day of release; he must first cultivate relationships among international leaders who have a very different view on America and American Foreign Policy than that being fed to Mr. Trump by neocon war-hawks such as Sen. John McCain who recently discredited himself again by what he evaluated as an adroit move to pit Trump against Putin.

If Sen. McCain believes that Mr. Trump will buy into his most recent ploy, he must think the new president is a novice at chicanery – highly unlikely, it does not take philosophical or theological brilliance to be a master of practical politics – any successful business man can play quite well on his field.

What Happened?

During his campaign Mr. Trump alarmed Kiev by indicating that he would seek improved relations with Russia. Conflict is still underway in Eastern Ukraine where it erupted the day following an early term phone conversation between President Trump and President Putin. The violence was so great that it resulted in the highest casualty rate since the end of 2016

According to Sen McCain, Russia is experimenting with the new president to test his gullibility and his resolve to oppose a lying murderer like Vladimir Putin. Putin cannot be trusted and therefore the Ukraine should be supplied with lethal aid in order to route the pro-Russian rebels in Eastern Ukraine.

In a [letter released by Sen. McCain](#) to the United States President, McCain offered his specious version of events. From McCain's perspective,

“This surge of attacks began the day after he (Putin) talked with you by phone is a clear indication that Vladimir Putin is moving quickly to test you as commander in chief. America's response will have lasting consequences.”

Obama provided Ukraine with non-lethal aid such as drones, radar, first aid equipment, communication apparatus etc. But McCain wants the new president to provide lethal assistance. According to the neocon war-hawk,

“Vladimir Putin's violent campaign to destabilize and dismember the sovereign nation of Ukraine will not stop

unless and until he meets a strong and determined response.”

It appears that Sen McCain lacks respect for the new president. Does he really expect Mr. Trump to believe that one day following a phone conversation with the President of Russia, that Russia would foment a violent military surge in the Ukraine thereby winning the ire of America’s Commander and Chief, a man whom Putin has longed to talk with in order to facilitate cooperation in the Middle East against ISIS?

Vladimir Putin has a reputation of being a very rational person; the act that the senator is accusing him of is very irrational. What does Putin gain from bluntly, boldly, and condescendingly lying to Trump? Sen. McCain’s letter appears to be non-nonsensical and therefore to be treated as highly specious. It appears more likely that if anyone is testing the new president, it is Sen. McCain himself.

The two leaders (Putin and Trump) engaged in conversation for nearly an hour, a conversation that VP Mike Pence was invited to sit in on. Afterward, the [Kremlin issued a statement in which they said](#):

“...both sides showed their readiness for active, joint work to stabilize and develop Russian-American cooperation.”

[The White House referred to the talk as](#) a “

“... significant start to improving a relationship ‘in need of repair.”

Who in their right mind would talk about repairing relationships, joint-work and cooperation by phone one day and the next blow the entire peace and cooperation process by ordering a major strike in an area of major contention? Apparently, Sen McCain and the American Intelligence Community along with the so-called “fake news” outlets used to leak their stories have become so accustomed to public manipulation

that they think people will believe anything they say. Unfortunately, for them, people are waking up to the game – Newera is quite confident that the President of the United States is wide awake to it.

In the interim, President Trump will have to go along with many ruses, or apparently so, occasionally garnering support from his followers by delivering on select aspects of his campaign promises – enough to keep the sheep satisfied and the wolves at bay while he builds goodwill around the globe. At first, he might have to continue support for Qatar and Saudi Arabia and buttress the pillars of Zionism (political forces that all support terrorism and an equal disdain for Russia and her allies); nonetheless, if the new president plays his cards right, he will be able to Trump any hand. He will deliver on his campaign promises but not in a way that is readily apparent. It is not time for fisticuffs, so yes, Newera does tend to believe that Mr. Trump has come out with a rope a dope in Round One, at least partially so. If he is able to eventually pound ISIS into oblivion (the sooner the better) with Russian cooperation, he will build up a tidal wall of good-will and support composed of many international components that spell peace, a peace woven into a wall that will be able to withstand any Tsunami the Deep State can bellow in his direction.

If President Trump collapses before the winds and succumbs to the mounting global pressures of liberalism and to those in his own administration, if he fails to deliver on his campaign promises and follows the lead of Neocon war-hawks like Sen. John McCain, New Era foresees an abject failure on the horizon and the ultimate collapse of American Foreign Policy and the waning of American influence.

Continued Tomorrow as Newera delves more deeply into this crucial issue at the forefront of the Trump presidency.
